Doing Business with GTE

Setting Up or Changing Your Phone Service

If you've just moved into a new home or established a new business, we will be happy to connect your phone service. We can also make any changes needed to your current service. Please call GTE's Customer Contact Center at one of these toll-free numbers:

Residential customers **1-800-483-4400**
Business customers **1-800-483-5400**

For changes or additions to your service, you can also contact or visit the **GTE Phone Mart** in the Boardwalk Shopping Center at 929 North Elm Place, Broken Arrow, OK, **1-800-730-8229.**

All customers with Text Telephones (TTYs–special equipment for people with hearing and/or speech disabilities) call GTE through the Arkansas Relay Service. (Please see page 32 for calling instructions.)

To speed service, please provide the following information when applying for new telephone service:

1. Your street address
2. How you want your name to appear in the directory
3. The type of local service you want
4. The GTE calling services you want to order — i.e., Call Waiting, etc.
5. Information about previous telephone service

Residential phones are installed for normal domestic use. Residential telephone service will be changed to business service if the phone is used primarily for business or is advertised for business purposes. If you are a business customer who wants to change from business to residential telephone service, you will be required to change your telephone number.

Please Note: To ensure your white page listing is correct for the next directory, please call the appropriate 1-800 number at least three months prior to the publication date to make any additions, changes, or deletions.

Lifeline and Link-Up Programs

The Arkansas Public Service Commission and the Federal Communications Commission have established two programs to make telephone service more affordable. Under the plans, qualified low-income telephone customers receive a discount on the installation for new service and a discount on monthly local telephone service.

Qualifiers

Current recipients of Supplemental Security Income (SSI), Food Stamps or Temporary Assistance for Needy Families also known as Work First (formerly Aid for Families with Dependent Children).

Link-Up

Provides for a discount of 50% of tariffed charges up to $30 for new installations at the subscriber's principal place of residence.

Lifeline Program

Reduces the monthly local telephone bill for low-income customers.

How to Apply for these Programs

If you do not have service and want to apply for both Link-Up and Lifeline:

- Contact the local telephone company and place an application for service.
- A Link-Up application form will be mailed to you.
- Take the form to the appropriate agency — either the Department of Social Services or the Social Security Administration — for approval.
- Once the form is completed by the agency, the agency will mail the form to your serving telephone company.
- Your service will be installed when your telephone company receives the approved form. At that time the credit for Link-Up will be applied and the monthly Lifeline discount will begin. If you request service to be installed before the approved form is received, the service will be provided without the Link-Up credit. Your monthly Lifeline discount will begin only when the approved form has been received.

If you have service and want to apply for the Lifeline Discount:

- Contact the appropriate agency — either the Department of Social Services or the Social Security Administration.
- The Social Services caseworker or the SSA representative will complete the Lifeline form for you and mail it to the local telephone company.
- When the telephone company receives the approved application, the discount for Lifeline will begin.

Call your Social Services caseworker, your SSA representative, or your local telephone company for more information about these programs.

The Lifeline program is supported by the federal and state universal service support mechanisms. Link-Up is supported by the federal universal service support mechanism.

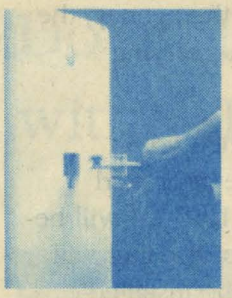
THE BASICS
AND BEYOND



Installation Charges

Please talk to GTE's Customer Contact Center about the charges for your area. Installation charges generally appear on your first telephone bill.

If you are a residential customer, you have the option of paying your installation service charges in six equal monthly installments.

For more information about installation charges, please call GTE's Customer Contact Center at one of these toll-free numbers:

Residential customers **1-800-483-4400**
Business customers **1-800-483-5400**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (Please see page 32 for calling instructions.)

Basic Service Cost

The chart below shows the monthly charges for basic service. Rates are based upon location and type of service and do not include the interstate end user access charge. All rates are subject to change.

Billing

If you have billing questions, please contact us at one of these toll-free numbers:

Residential customers **1-800-483-3000**
Business customers **1-800-483-5400**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (Please see page 32 for calling instructions.)

BASIC RATES

Location	Residential	EAS Residential	Total Residential	Business	EAS Business	Total Business
Atkins	8.00	4.15	12.15	16.00	4.15	20.15
Centerville	8.00	2.75	10.75	16.00	2.75	18.75
Clarksville	8.00	2.75	10.75	16.00	2.75	18.75
Dardanelle	8.00	2.10	10.10	16.00	2.10	18.10

Russellville	8.00	2.75	10.75	16.00	2.75	18.75
Salus	8.00	2.75	10.75	16.00	2.75	18.75

For your convenience, you can also use GTE's new automated system to check the status of your bill and make payment arrangements. Before you call, please locate your customer ID number. You'll find it on the first page of your bill next to your telephone number. The automated system is accessed by calling the telephone number (listed below) for residential customers. (This service is only available to residential customers.)

You are billed monthly. Look for standard charges, including local service (billed one month in advance), long-distance calls (if applicable), optional services, and any past due amount. Your first bill will also include charges for installation costs and prorated local service. You are responsible for all long-distance calls made from a telephone number for which you have billing responsibility. You are also responsible for all authorized charges made to your calling card.

The due date for your payment is printed on the bottom of your bill. If you are sending us your payment, we must receive it on or before the due date. If you are paying in person at an authorized payment location, you need to do so before our close of business on the due date. For more information about authorized payment locations in your area, please call your GTE Customer Contact Center at one of these toll-free numbers:

Residential customers **1-800-483-3000**
Business customers **1-800-483-5400**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (Please see page 32 for calling instructions.)

If you request to have your service disconnected, billing to your account will stop on the disconnection date you request.

Deferred Payment Plan

If you cannot pay your bill by the due date, we may be able to offer you a delayed payment agreement or an extended due date.

GTE will enter into a delayed payment agreement with a qualifying customer if the customer agrees to pay the down payment and all installments by their due dates and to pay all new bills in full by each bill's respective due date. GTE will not require more than 25% of the overdue bill as a down payment. GTE allows customers to pay their overdue charges in equal installment payments over a period of at least three months beginning with the date of the initial payment.

Customers in the following situations can have their payment due dates changed to coincide with or follow the receipt of their income:

- Persons receiving Aid to Families with Dependent Children or Aid to the Aged, Blind, and Disabled
- Persons receiving Supplemental Security Income
- Persons whose primary source of income is Social Security, Veterans Disability, or Retirement Benefits

If you plan to be away from your home for an extended period of time, payment options are available to prevent the suspension of your telephone service. Examples include advance payments and bank drafts.

For more information about billing and payment options, please contact a GTE representative at one of these toll-free numbers:

Residential customers **1-800-483-3000**
Business customers **1-800-483-5400**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (See page 32 for calling instructions.)

GTE's Credit Policy

Your Payment Record Can Affect Your Long-Distance Service

We've changed our credit policy for all residential customers who do not have an established record of paying their bills in full and on time.

If you're affected by this change, you'll find the following phrase beside the Total Amount Due on your bill's Summary Page:

> "If payment is not received by the Due Date, your long-distance service may be restricted."

If this phrase appears on your bill and the total amount is not paid by the Due Date, your long-distance service may be blocked until the overdue amount is paid. Service restrictions will not occur for disputed amounts when a complaint is pending.

Access to local phone service and **9 1 1** emergency services will not be blocked.

Questions about GTE's new credit policy or our quick and easy payment options? Call us toll-free at:

Residential customers **1-800-483-1807**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (See page 32 for calling instructions.)

Payment Locations

You can pay by mail or by automatic bank payment. You may also be able to pay in person. For mailed payments, please use the return envelope enclosed with your bill. Do not send cash. Payments for local service go to GTE, P. O. Box 920041, Dallas, TX 75392-0041. Payments for equipment rental and maintenance bills go to GTE, P. O. Box 660652, Dallas, TX 75266-0652. For automatic bank payments from your account or for a list of authorized payment agents in your area, contact your service representative.

Disconnect Service

Telephone service can be disconnected if you don't pay your telephone bill. Your payment is due 22 days from the date your bill is mailed. If full payment is not received by that date, you may receive a "shut-off notice" telling you that your service may be temporarily suspended because you haven't paid your bill. The shut-off notice will include a new due date, by which you must pay all outstanding charges to avoid having your service suspended. (Required payment following disconnection will include all late charges and reconnection charges.)

Your service won't be disconnected until you've been given a written warning and your payment still hasn't been received. If you are concerned about your ability to receive or understand disconnection notices, you can request that copies of all of your notices be sent to another person.

Disconnection of residential service can be postponed if the discontinuance of telephone service will aggravate an existing medical emergency in the household. A physician or other health care professional must notify GTE about the medical situation and fill out a medical certificate form. Special allowances can also be made for customers who are 65 years old or older or are disabled. Customers fitting into these categories should register with GTE in advance of any billing or payment problems. Then, if a payment problem does occur, the customer will be contacted and offered assistance.

Other Reasons Telephone Service Could Be Disconnected Are:

1. Failure to comply with the terms of a deferred payment agreement
2. Failure to comply with credit arrangements
3. Failure to remove unauthorized attachments from GTE lines, after receiving written notice
4. Failure to stop abuse or misuse of telephone service, such as calls made in a profane, obscene, or frightening manner, after receiving written notice
5. Abandonment of telephone service without notice to GTE
6. Tampering with or bypassing GTE's equipment
7. Giving false information to obtain telephone service
8. Failure to allow GTE access to our equipment on your premises
9. Violating the rules designed to prevent interference with other customers' telephone service
10. Causing (or threatening to cause) damage to GTE's equipment or injury to a GTE employee
11. Violating federal, state, or local laws through the use of telephone service
12. Causing a situation that poses a health or safety hazard

Please Note: Your service won't be disconnected if you fail to pay an amount currently involved in payment dispute and resolution procedures. You must, however, pay the entire amount of your bill(s) that is not in dispute. Settlement of the disputed amount should take place once the dispute is resolved. Settlement of disputed amounts should not exceed 60 days under any circumstances.

Directory Assistance Charges

Within your local calling area, you can make one Directory Assistance call during each monthly billing period at no cost. Extra calls are billed at 40¢ each. You may request two numbers at a time — at the start of your call, please tell the operator that you will be requesting two listings. (Charges do not apply to local Directory Assistance calls from pay phones, motels and hotels, hospitals, or from customers who are unable to use the phone book because of a permanent disability.)

Can't find pen and paper to write down the number? Simply press 1, and the number you requested from Directory Assistance is automatically dialed for you. Completed Directory Connect Plus calls cost 50¢ and will be charged to your phone bill in addition to any other applicable Directory Assistance charges. (Charges will also apply to calls placed by disabled customers.) This service is not applicable to non-published numbers nor will the service be provided to "800/877/888," "900," or "976" service numbers. (Please see page 30 for Directory Assistance calling instructions.)

The Arkansas Public Service Commission regulates the charges listed here. These rates were correct on the date that this directory was compiled. These charges are subject to change by order of the Arkansas Public Service Commission. Current rates are always available from GTE's Customer Contact Center.

Repair

For repair service, please contact GTE's Customer Care Center at one of these toll-free numbers:

Residential customers and single line business customers (two lines or less) **1-800-483-1000**

Business customers with multiple lines (three lines or more) **1-800-483-2000**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (See page 32 for calling instructions.)

Before calling, please read the following information. It will help you and your GTE customer service representative identify what is wrong with your phone.

The following situations usually indicate a problem with the outside line:

- No dial tone on all phones
- Can't call in or out on all phones
- Get cut off when talking on all phones
- Noise or static on all phones

The following situations usually indicate a problem with the inside lines:

- A phone works in one jack but not in another
- Loose or broken phone jack

The following situations usually indicate a problem with the telephone:

- Stuck push buttons
- Worn cords
- Broken clips or plugs
- Stuck receiver buttons

When you have a service problem, we'll do our best to quickly locate and clear up the trouble. Depending on the source of the problem, the following guidelines will apply:

Outside Line: GTE maintains your outside phone lines as part of your basic monthly service. Outside lines will be repaired at no cost to you.

Inside Line: Generally, phone lines inside your home are yours to maintain and repair. For worry-free inside line maintenance, GTE offers an optional Inside Wire Maintenance Service (previously called Lineskeeper® Service), at a low monthly fee. (Please see pages 12-15 for more information.) If you subscribe to Inside Wire Maintenance Service, GTE will repair your inside wires at no additional charge. Call toll-free, **1-800-483-4400,** for more information about Inside Wire Maintenance Service.

Telephone: If you rent from GTE, repair is included in your monthly fee. If you own your telephones, you are responsible for their repair and should follow the warranty instructions.

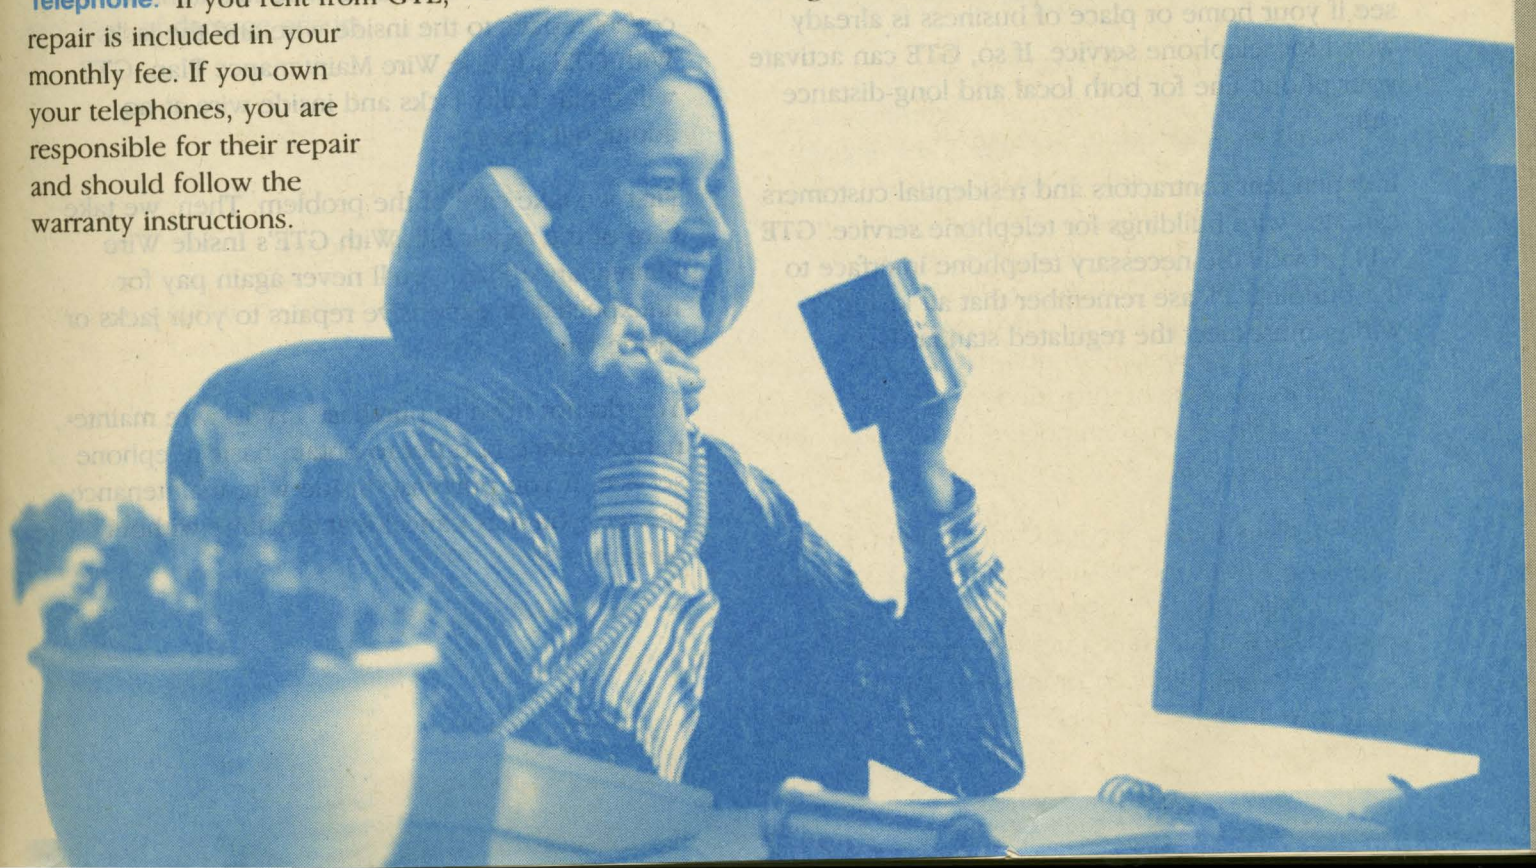
For your protection, GTE employees are required to carry official employee identification cards when working in your home. This card includes the employee's name and photograph. We suggest you ask to see this ID card before allowing any repair person to enter your home. If you have any questions, call **1-800-483-1000.**

Customer Service

We hope it won't happen, but if you have a complaint about your telephone service, please discuss the problem with a GTE customer service representative. Our representatives are specially trained to solve your telephone problems.

Residential customers **1-800-483-4400**
Business customers **1-800-483-5400**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (Please see page 32 for calling instructions.)



If your GTE customer service representative cannot resolve your problem, ask to speak with a supervisor or manager. If you still have not resolved your complaint, call **1-800-483-7988.**

You may also contact the Arkansas Public Service Commission for further review of your complaint or dispute. To reach the commission, you may write or call:

Arkansas Public Service Commission
1000 Center Street
P. O. Box 400
Little Rock, AR 72203
501-682-1718 or 1-800-482-1164

Inside Wiring

If your home or business requires wiring, GTE can provide quality inside wiring service. Also, during construction or remodeling, GTE can prewire structures to eliminate exposed wiring. Check to see if your home or place of business is already wired for telephone service. If so, GTE can activate your phone line for both local and long-distance calls.

Independent contractors and residential customers can also wire buildings for telephone service. GTE will provide the necessary telephone interface to the building. Please remember that all inside wiring must meet the regulated standards.

Inside Wire Maintenance Service Plan

About the Plan

Repair of the wiring outside of your home is covered by the fee you pay for basic phone service. GTE's Inside Wire Maintenance Plan (previously called Lineskeeper Service) is an optional monthly service for residential and small business customers that provides repair protection for the telephone jacks and wires inside your home.

Telephone lines connect to a Network Interface Device on your property. This interface device is often located on the outside wall of your home or another building on the property, such as a garage. From this interface connection point, telephone lines extend into the building, through the jacks where you plug in your phones. This wiring, from the Network Interface Device to the jacks, is called "inside wire." GTE's Inside Wire Maintenance Plan covers repairs to the inside wire and the jacks. With GTE's Inside Wire Maintenance Plan, GTE will repair faulty jacks and inside wire at no additional charge.

First we take care of the problem. Then, we take care of the repair bill. With GTE's Inside Wire Maintenance Plan, you'll never again pay for unexpected or expensive repairs to your jacks or inside wires.

You do not need to purchase inside wire maintenance service in order to obtain basic telephone service. If you purchase inside wire maintenance service, you may cancel it at any time without penalty.

Possible Problems with Telephone Wire and Jacks

Wire and jacks are generally reliable and may never need repair. But many things, including everyday wear and tear, can damage the telephone wire or jacks inside your home. The charge you pay for basic GTE residential telephone service does not cover these repairs. If something does go wrong inside, it is your responsibility to get it fixed, and you could incur an unexpected repair bill.

Telephone wiring has a long life. It lasts for many years and does not normally go bad just because of age. What usually happens with telephone wire and the jacks is that they are damaged by activity such as home repair, someone accidentally cutting the wire, an animal scratching through the wire, something knocking a jack loose, or other unforeseeable events that cause a problem. It is not possible to predict when or how frequently this type of damage occurs.

Repairs Covered by the Plan

With an Inside Wire Maintenance Plan, GTE will repair faulty telephone jacks or wire inside your home. GTE's Inside Wire Maintenance Plan also includes these valuable benefits:

- Diagnostic work to determine where the problem is. GTE's Inside Wire Maintenance Plan does not include repair of the phone or other equipment, such as answering machines and computer modems, connected to the jacks, but does include letting you know if the problem is in the equipment so that you can have the equipment repaired.
- Coverage on all newly installed or relocated standard telephone inside wire and jacks
- Discounted labor rates on service to add new wiring and jacks to replace nonstandard wiring

Repairs Not Covered By the Plan

GTE's Inside Wire Maintenance Plan coverage does not cover:

- Repair of telephone instruments and other devices, such as computer modems and answering machines, connected to the inside wiring and jacks
- Inside wiring and jack coverage for marine activity, recreational vehicles (RVs) and construction trailers, or other temporary or moveable structures
- Damage due to natural disasters, floods, or acts of God, other than lightning
- Nonstandard wiring. This is wiring that does not meet telephone industry standards or the National Electric Code Material Standards for carrying telephone signals. Nonstandard wiring may work in some situations, such as for single line service, but may not work properly in other situations, such as for two line service where you may get crosstalk. GTE's Inside Wire Maintenance Plan will cover the repair of breaks to nonstandard wire, but only to restore the wire to its original condition. GTE's Inside Wire Maintenance Plan does not cover replacement of nonstandard wire. However, GTE's Inside Wire Maintenance Plan does include a 50% discount on GTE parts and labor rates to replace nonstandard wire with wiring that does meet appropriate standards for telephone service. This discount is not available if you do not have GTE's Inside Wire Maintenance Plan, and GTE's normal rates would apply. If you have nonstandard wire, GTE's Inside Wire Maintenance Plan covers service call charges, diagnostic services, and repair of jacks, along with repairs to breaks in nonstandard inside wire.
- Repair of damage due to malicious activity, vandalism, riot, or civil disturbance

GTE Inside Wire Maintenance Plan Keeps You Talking

When you report a problem with your telephone jacks or wire inside your home, we know you'll want it fixed as soon as possible. When you report a problem, we'll dispatch an experienced GTE technician to your home to fix the problem at no cost to you beyond the monthly charge for inside wire maintenance service.

Hassle-Free Service

GTE's Inside Wire Maintenance Plan provides you reliable protection for a small monthly charge per residential line. The charge applies for each telephone line in your residence. If you do not have GTE's Inside Wire Maintenance Plan, and you call GTE to make the repairs, GTE will charge its normal visit charge, approximately $85 for the visit and for any work up to one hour. Time beyond one hour is charged at 15 minute intervals, at one-quarter the hourly service rate. In other words, GTE's minimum charge without GTE's Inside Wire Maintenance Plan is approximately $85. Repairs can often be completed within one hour, but some repairs take longer, depending on what the conditions are at your home.

GTE's Inside Wire Maintenance Plan is an unregulated monthly service that can be canceled at any time without penalty. If you choose not to subscribe to GTE's Inside Wire Maintenance Plan and your inside wiring or jacks break, you can still call GTE to do the repairs at an hourly rate. You can also get inside wire maintenance and repair service from companies other than GTE. Or, if you prefer, you can do the work yourself.

Additional Service Information

- If you are currently renting your phone from GTE, GTE's Inside Wire Maintenance Plan charge is in addition to your monthly telephone rental charge.
- If you rent your home, you should be aware that residential landlords may be responsible for repairs and maintenance of inside telephone wire. Check with your landlord or your lease to determine who is responsible for inside wire maintenance and repair.
- GTE's Inside Wire Maintenance Plan is available to residential and single line business customers. The business rate may be different from the residential rate. GTE's Inside Wire Maintenance Plan is not available to business customers who use Key/PBX Systems.

For GTE's complete service package, choose TELEPHONE AND LINE CARE. It gives you both a GTE rental phone and Inside Wire Maintenance Service. For details call **1-800-483-4852.**

GTE Phone Mart

Residential customers **1-800-483-440**
Business customers **1-800-483-540**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (Please see page 32 fo calling instructions.)

Easy-to-Use Products and Services from GTE

GTE offers many services that can make your telephone work harder and smarter for you. Many of these services are "GTE calling services." You'll learn all about our special services and how to use them. You can also get acquainted with some other helpful services we offer for your home and business. Please call GTE's Customer Contact Center at one of these toll-free numbers:

Residential customers **1-800-483-4400**
Business customers **1-800-483-5400**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (Please see page 32 for calling instructions.)

GTE Calling Services Requirements

GTE calling services will work with touch call or rotary dial telephones. (**Note:** In addition to your regular phone, you'll need a special display device to use Caller ID services.) The instructions in this section are for touch call phones — phones with a push-button pad, which is called "the touch pad."

(Modifying these instructions for rotary phones is explained in this section.)

Using your GTE calling services is even easier with a GTE screen-display phone.

Please Note: Not all services are available in all areas.

Basic Terms Associated with GTE Calling Services

Star and Pound Keys — When using some of your GTE calling features, you will be instructed to press either the *"star"* * or the *"pound"* # key. These keys are located to the left and to the right of the **0** on the touch pad.

Hookswitch — The button that disconnects your call when you hang up the telephone is the hookswitch. When the instructions read, *"press and release the hookswitch,"* hold the hookswitch down for only a second – about the time it takes to say *"one thousand and one."* If your phone has a *"FLASH"* button, you can use it instead of the hookswitch.

Pulse/Tone Switch — Some touch call telephones have a switch that allows them to be used with either Touch Call or rotary service. Place the switch on *"tone."*

Many of the services provide recorded instructions that guide you through using the services. You may interrupt the voice recording at any time by entering the required code or telephone number.

If you are using a rotary phone with your GTE calling services, you will need to modify the instructions as follows:

Dial **1 1** instead of pressing *. Wait four seconds instead of pressing #. For example, if the instructions read **"press * 7 0"** dial **1 1 7 0.** When the instructions read **"press 7 0 #,"** dial **7 0** and wait four seconds.

GTE

THE BASICS AND BEYOND

For more information or to order special services, call **1-800-483-4400** *(residential customers)* ***or*** **1-800-483-5400** *(business customers). Not all services are available in all areas. Ask about personalizing your own package of GTE calling services at a discount.*

CentraNet is a registered service mark of GTE Service Corporation.

FEATURE	DESCRIPTION	INSTRUCTIONS
Anonymous Call Block	Blocks calls from people who have activated either the Selective Blocking or Complete Blocking feature, which prevents their name and/or phone number from being displayed on a Caller ID device.	**Press * 7 7 to activate this service.** Blocked callers will hear a message instructing them to hang up, remove their blocking and call again. **Press * 8 7 to deactivate this feature.**
***66 Busy Redial**	Monitors busy phone numbers for 30 minutes, alerting you with a special ring when your call is ready.	**Press * 6 6 to activate.** This service is available for 75¢ per use in some areas, or for a low monthly charge.
***69 Call Return**	Dials the phone number of the last call you received. If the number is busy, this feature will place your call next in line and will alert you by ringing you back when the number is no longer busy.	**Press * 6 9 to activate.** This service is available for 75¢ per use in some areas, or for a low monthly charge.
Call Block	Blocks incoming calls from phone numbers on the Call Block list you create. You may block up to 12 phone numbers. Blocked callers will hear a recording saying you are presently not taking calls.	**Press * 6 0** and follow the voice prompts. Calls made to you from outside your local calling area or through the operator cannot be blocked. This is for your protection in case of an emergency.
Call Forwarding	Forwards all of your incoming calls to another telephone number that you have specified.	**Press 7 2 # and enter the phone number where you want your calls forwarded.** Two short tones verify Call Forwarding is activated. **Press 7 3 # to deactivate.**
Call Forwarding - Busy	Allows you to forward incoming calls to a fixed number of your choice. Calls will forward when you are on the telephone.	**Press 5 4 # to activate,** and listen for two brief tones to confirm your selection is on. **Press 5 5 # to deactivate.**

FEATURE	DESCRIPTION	INSTRUCTIONS
Call Forwarding - No Answer	Allows you to forward incoming calls to a fixed number of your choice. Calls will forward when you are not available.	**Press 5 2 # to activate,** and listen for two brief tones to confirm your selection is on. **Press 5 3 # to deactivate.**
Special Call Forwarding	Forwards specific incoming calls to another telephone number.	**Press * 6 3.** Follow the voice prompts.
Call Tracing Service	Allows you to automatically trace threatening or harassing phone calls from within your defined calling area.	**Press * 5 7.** To take legal action, record the exact date and time of the call and contact GTE within 10 days at the number provided by the recording.
Call Waiting	Alerts you to another incoming call when you are on the phone and lets you alternate between callers.	Upon hearing the Call Waiting tone, **press and release the hookswitch** to answer the incoming call.
Cancel Call Waiting	Turns your Call Waiting feature off for the length of an individual call. Call Waiting automatically returns to your phone at the end of your call.	**Press * 7 0,** listen for three tones followed by a normal dial tone. Enter the phone number you are calling. (Cancel Call Waiting can be used during a call in some areas. **Press and release the hookswitch and press * 7 0,** you will reconnect automatically to your call.)
Caller ID - Number	Displays the telephone number of an incoming call.	The date and time of day each call was received is also displayed. Caller ID service requires a compatible display device that can be rented or purchased from GTE.
Caller ID - Name and Number	Displays the name and telephone number of an incoming call.	The date and time of day each call was received is also displayed. Caller ID service requires a name and number compatible display device that can be rented or purchased from GTE.

FEATURE	DESCRIPTION	INSTRUCTIONS
Call Waiting ID	When you hear the Call Waiting signal, your Call Waiting ID compatible display unit will show the name and telephone number of the incoming call. You may decide whether to interrupt your call to talk to the caller or call back.	The date and time of day each call was received is also displayed. Call Waiting ID service requires a Call Waiting ID compatible display device or phone that can be purchased from GTE. NOTE: This equipment is different from a standard Caller ID device. Moreover, this service is only available in certain GTE areas at this time.
Distinctive Ring	Gives you two phone numbers for one phone line. Each number has its own special ring.	Great for teenagers or for working at home. Call Waiting will work the same with both numbers, but will use one tone for your primary phone number and two short tones for the second number, so you will always know which phone number incoming calls are for.
Selective Blocking	Prevents your name and telephone number from being displayed on Caller ID devices, one call at a time.	**Press * 6 7.** Listen for the one confirmation tone, then place your call. This service works on an individual call basis. Once you hang up, the blocking is no longer in effect.
Complete Blocking	Prevents your name and telephone number from being displayed on Caller ID devices, each time you make a call. Your number will be displayed as "Private" or "Anonymous."	**Press * 8 2** to turn off Complete Blocking. You can place your call even though you will not hear a dial tone. Your name and number will be available for this call only. When you hang up, your Complete Blocking service will be automatically restored.
Special Call Acceptance	Allows you to receive calls only from the numbers on your Special Call Acceptance list, up to 12 phone numbers.	**Press * 6 4.** Follow the voice prompts.

FEATURE	DESCRIPTION	INSTRUCTIONS
Speed Calling 8	Creates a list of up to 8 phone numbers that you can call using a one-digit code.	**To assign a code, press 7 4 #.** Enter the one-digit code you want to assign, using numbers 2 - 9, and the complete telephone number you want the code to represent. **To call a Speed Calling number, enter the assigned code and press #.**
Speed Calling 30	Creates a list of up to 30 phone numbers that you can call using a two-digit code.	**To assign a code, press 7 5 #.** Enter the two-digit code you want to assign, using numbers 20 - 49, and the complete telephone number you want the code to represent. **To call a Speed Calling number, enter the assigned code and press #.**
Three-Way Calling	Allows three people at different phone numbers to talk together at the same time, no matter who placed the call.	**Press and release the hookswitch** to put the first caller on hold. Listen for three tones followed by a dial tone. Call the third telephone number. To reconnect with the other caller when the third person answers, press the hookswitch.
VIP Alert	Assigns a special ring to the phone numbers on your VIP Alert screening list, up to 12 phone numbers.	**Press * 6 1.** Follow the voice prompts.

Lift the handset. 2. **Press 5 8 #.** (In some locations, you must **press * 5 8.**) You will hear three short bursts of dial tone, followed by continuous dial tone. a. If you hear three short bursts of dial tone, the system is prompting you to enter the number of rings you want to hear before the call is forwarded to voice messaging. You can set the number of rings from 2-9. b. If you hear a normal dial tone, the system is prompting you to enter the number of seconds you want your phone to ring before the call is forwarded to voice messaging. 3. You will hear another stutter dial tone, or a confirmation signal, either of which confirms your selection. 4. Hang up the handset.
Audible Ring Burst (Optional Service) Lets you know when you have a message without having to pick up the phone. You will hear short ring bursts at programmed intervals.	**How to turn ON Audible Ring Burst** 1. Lift the handset. 2. **Press 8 1 #.** After a short pause, you will hear two short bursts of dial tone, followed by a continuous dial tone. 3. Hang up the handset. To turn OFF: 1. Lift the handset. 2. **Press 8 2 #.** After a one-second pause, you will hear two short bursts of dial tone, followed by continuous dial tone. 3. Hang up the handset.

Special Services Available from GTE

GTE offers many telephone service enhancements for your home and office. The following can be added to either business or residential service.

To order special services, call:

Residential customers **1-800-483-4400**
Business customers **1-800-483-5400**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (Please see page 32 for calling instructions.)

Calling Cards

With a GTE Calling Card, you can place phone calls from any telephone and have the charges appear on your monthly bill. GTE Calling Card calls cost less than other operator-assisted calls. If GTE provides your telephone service, there is no charge for the card.

Message Rate Service

Are you looking for a way to save money on your basic local telephone service? If you make a limited number of phone calls each month, look into Message Rate Service. It's a money-saver for both business and residential customers.

On-The-Move Message

If you've changed your telephone number, you can request On-The-Move Message. When you subscribe to On-The-Move Message, an operator will personally refer your calls to your new number. You can even write the message to be read by our operators.

Custom Code Restriction

It's possible that someone would use your telephone to place chargeable calls without your knowledge or permission. (For example, long-distance calls or calls to "900" or "976" numbers.)

You can avoid phone charges you haven't authorized if you subscribe to Custom Code Restriction. There are three service options with Custom Code Restriction:

1. Restriction of one-plus and zero-plus long-distance calls
2. Restriction of one-plus long-distance dialing only, or
3. Restriction of 1 + 900 and 1 + 976 numbers only.

Conference Calling

When you need to talk to people in different places at the same time, you may want to make a conference call. You'll find service providers in the Yellow Pages under Teleconference Service and Telephone Communications Service.

Toll-Free Service

GTE's Toll-Free Service makes it easy for out-of-town customers — or friends and family — to call you. It's simply a cost-effective way to allow callers outside of your local calling area to call you at no cost to them. Our Toll-Free Service is particularly effective for companies that want to increase their phone order business or expand their trading area.

Paging Services

To help you stay in touch with your family, business associates, and customers, GTE offers a full line of competitively priced pagers with local, regional, and national coverage. Quantity discounts are available. Contact a GTE customer service representative at **1-800-483-7243** for more information.

Special Services Available for Your Business

GTE consultants can develop advanced communications programs for your company. We have resources to meet your present and future communications needs — from foreign exchange lines, which give you a presence in distant markets, to dedicated fiber-optics links for extremely high-speed computer communications.

Business customers **1-800-483-5400**

CentraNet®

GTE's CentraNet service turns the GTE central office into your business's telecommunications system. Without buying a lot of equipment, you can have a communications system as advanced as the telephone company's. With CentraNet, all the telephone features you select come to you from a digital switch at our central office. The switch is constantly upgraded with the most advanced hardware and software — so your system will always be the latest and best available. And even though CentraNet service is technologically advanced, it's very simple to operate.

Data Transmission

GTE offers many voice and data transmission services. We carefully maintain and upgrade our equipment to ensure the best system for your data transmission needs.

Maintenance Contract

A maintenance contract from GTE will protect your business from costly repairs. In the event you need service, we'll send a professionally trained technician to repair or replace your equipment within 24 hours.

Coin Telephones

Your customers will appreciate the convenience of a coin telephone from GTE at your business. They can stay in touch with their homes or offices, without tying up your business phone.

For more information, call **1-800-483-2646.** If you are interested in customer-owned pay phone service, call **1-800-483-2678.**

Special Services Available for Your Home

If you work at home, GTE has a special line of products and services just for you. They include:

- Call Management
- Answering Services
- Accessibility
- Discount Long-Distance Plans
- Fax Machines
- Data Access/Transport capabilities

Any service can be specially designed to fit your specific needs and ensure that you have the best possible business communication tools.

please call ..... **1-(area code)-555-1212**

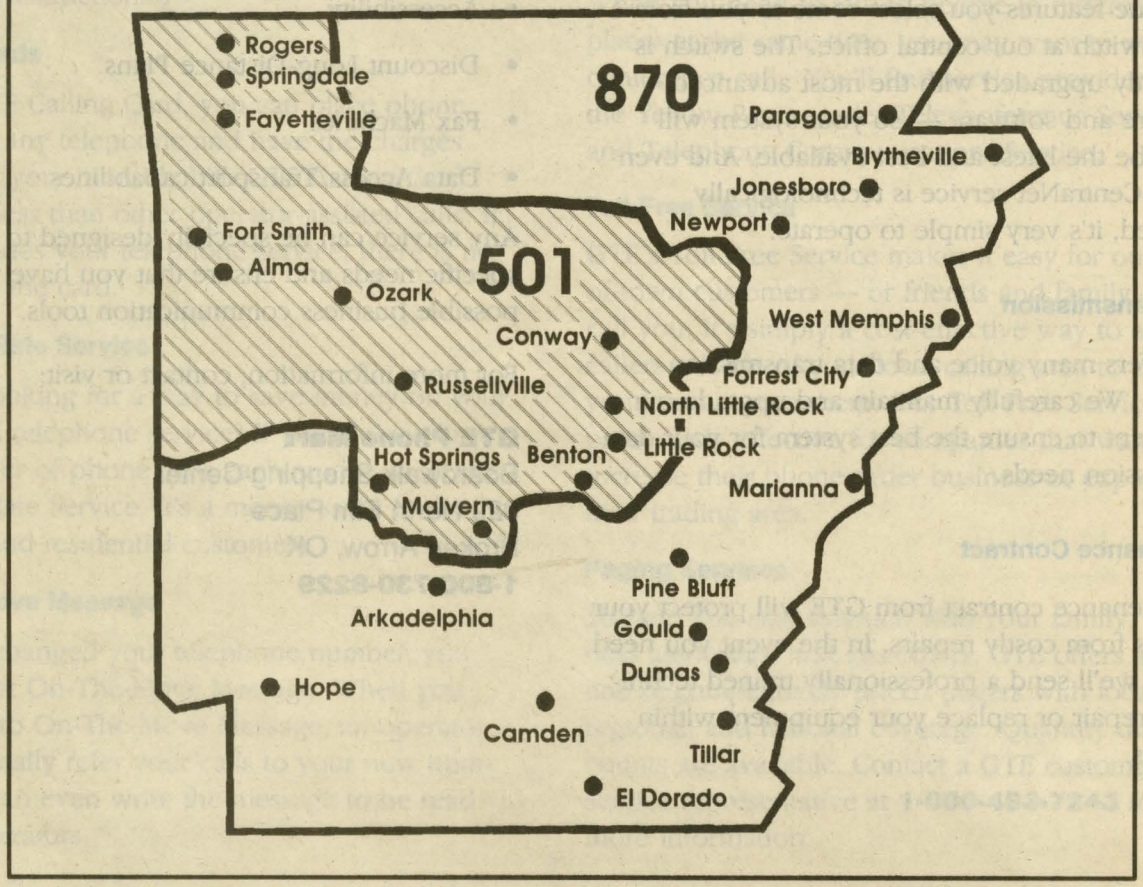
If you need an "800/877/888" number,
please call **1-800-555-1212**

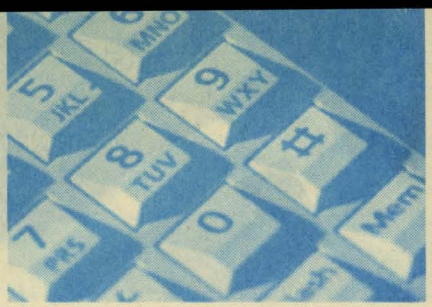
If you have a Text Telephone (TTY), please call, toll-free, **1-800-855-1155** for Directory Assistance. However, applicable long-distance and operator service charges will apply on operator-assisted calls. (Please see page 10 for Directory Assistance charges.)

Your Local Area Code

Your area code is 501. Dial the area code on all long-distance calls, even when it is the same as your own. The map below shows the area code boundaries for the state of Arkansas. The shaded area indicates your area code.

AREA CODE MAP





Local Calling

To make a local call you don't need to dial "1" + area code. Simply dial the seven-digit telephone number. Your local (toll-free) calling area includes all the customers in your exchange plus the exchanges indicated below.

Busy Line

If the number you're calling is always busy, you can ask the operator to check the line to see if the number is working properly. If you have an emergency, ask the operator to interrupt the conversation. Operator charges might apply. To ensure that you don't miss emergency calls — even when you're on the phone — check into GTE's optional Call Waiting or Voice Mail services.

YOUR LOCAL CALLING AREA	
If your prefix is:	**You may call the following prefixes toll-free:**
Atkins (641)	**284, 293, 331, 498, 641, 858, 880, 890, 964, 967, 968**
Centerville (576)	**229, 576**
Clarksville (705, 754, 979)	**292, 497, 705, 754, 885, 979**
Dardanelle (229)	**229, 576**
Dover (331)	**284, 293, 331, 498, 641, 858, 880, 890, 964, 967, 968**
Hartman-Coal Hill (497)	**292, 497, 705, 754, 885, 979**
Hector (284)	**284, 293, 331, 498, 641, 858, 880, 890, 964, 967, 968**

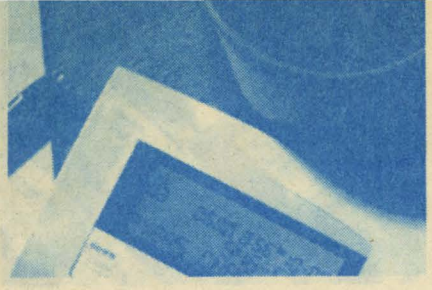
London (293)	**284, 293, 331, 498, 641, 858, 880, 890, 964, 967, 968**
Russellville (498, 858, 880, 890, 964, 967, 968)	**284, 293, 331, 498, 641, 858, 880, 890, 964, 967, 968**
Salus (292)	**292, 497, 705, 754, 885, 979**



Calling Assistance For People With Hearing or Speech Disabilities

The Americans with Disabilities Act of 1990 requires all states to provide access to nationwide Telecommunications Relay Services (TRS). Through the TRS, callers using Text Telephones (TTYs/TDDs) are able to communicate with people who use standard voice telephones. TRS communication assistants relay telephone conversations verbatim simultaneously between TTY users and non-TTY users. The Arkansas Relay Service operates 24 hours a day, seven days a week. Employees of the relay service are not allowed to disclose any information received during the relay of the call. Calls made through the relay service are confidential. Operators relay entire conversations, leaving nothing out. There is no charge to use the relay service. Discounted rates may apply to calls placed to telephone numbers within your LATA. Calls to telephone numbers outside of your LATA will be billed at the long-distance provider's regular rates. (Please see pages 34-35 for LATA information.)

The toll-free number for the Arkansas Relay Service is **1-800-285-1131** for TTY users. If you do not have a TTY, but want to use the Arkansas Relay Service to call someone who does, call **1-800-285-1121.** If you are using the relay service to make a long-distance call, tell the operator which long-distance company you want to handle your call. Some long-distance companies have their own access numbers for relay services. Contact your long-distance provider for more information.

Customers with TTYs can use the Arkansas Relay Service to call GTE departments. Here's how: Call the Arkansas Relay Service at **1-800-285-1131.** Tell the operator the number you wish to call:

For installation/service **1-800-483-4400**
For billing information **1-800-483-3000**
For repair service **1-800-483-1000**

Using a Text Telephone (TTY) device, someone with hearing or speech disabilities can call the TTY Communication Assistance Operator, toll-free, at **1-800-855-1155** for assistance. Calls to this number are free, but long-distance and operator assistance charges will apply. The TTY operator can help with:

- Operator-Assisted Calls
- Collect Calls
- Calling Card and Third-Number Billing Calls
- Person-To-Person Calls
- Directory Assistance Requests
- Calls From Motels and Hotels
- Line Interruptions
- Busy Line Verifications

Customers with certain disabilities may be exempt from Directory Assistance charges. They may also qualify for special rates on out-of-area direct-dialed and station-to-station calls. For more information, call GTE's Customer Contact Center at **1-800-483-4400.**

Long-Distance Calling

Use area codes when making calls to locations outside of your local calling area. Refer to the maps and listings starting on page 37 to locate the area codes you need. If the city you want is not listed, contact your long-distance provider.

To make a long-distance call without operator assistance, dial "1" + (area code) + number. You can save money by dialing your calls direct without involving the operator. Charges for long-distance calls are set by your long-distance provider. Contact your provider for information about rates and discounts.

To use your GTE Calling Card, dial "0" + (area code) + number. You will hear a special tone indicating you should enter your Calling Card number. If you are calling from a rotary phone, wait for the operator to come on the line to assist you.

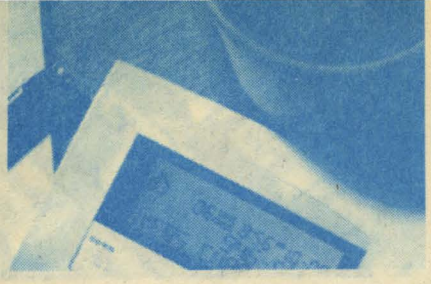
For operator assistance, dial "0" + (area code) + number. When the operator answers, explain the type of call you want to make. Charges for operator-assisted calls begin once the operator connects you to the person you are calling and leaves the conversation. These charges are in addition to the direct-dialed rate for the call. You can ask the operator to tell you the time and charges for the call. Please see the following for types of calls:

Station-to-Station: Call station-to-station if you want to talk to anyone who is likely to answer the phone at the number you're calling.

Person-to-Person: Calling person-to-person is an efficient use of your long-distance dollars. It ensures that you will only be charged for the call if the particular person or specific extension you are calling is available.

Collect: Collect calls are especially convenient if you are calling from a pay phone and you don't have the required change or a Calling Card. The operator will ask the person you are calling to accept charges for the call.

Third-Number Billing: What if you are in someone else's home or office and need to make a long-distance call but want the charges to appear on your own telephone bill? You can request third-number billing from the operator. Third-number billing is also useful if you are calling from a pay phone and do not want to call collect. However, when you request third-number billing, someone must answer the third number and approve the call before it can be completed.



GENERAL INFORMATION

Long-Distance Service Providers

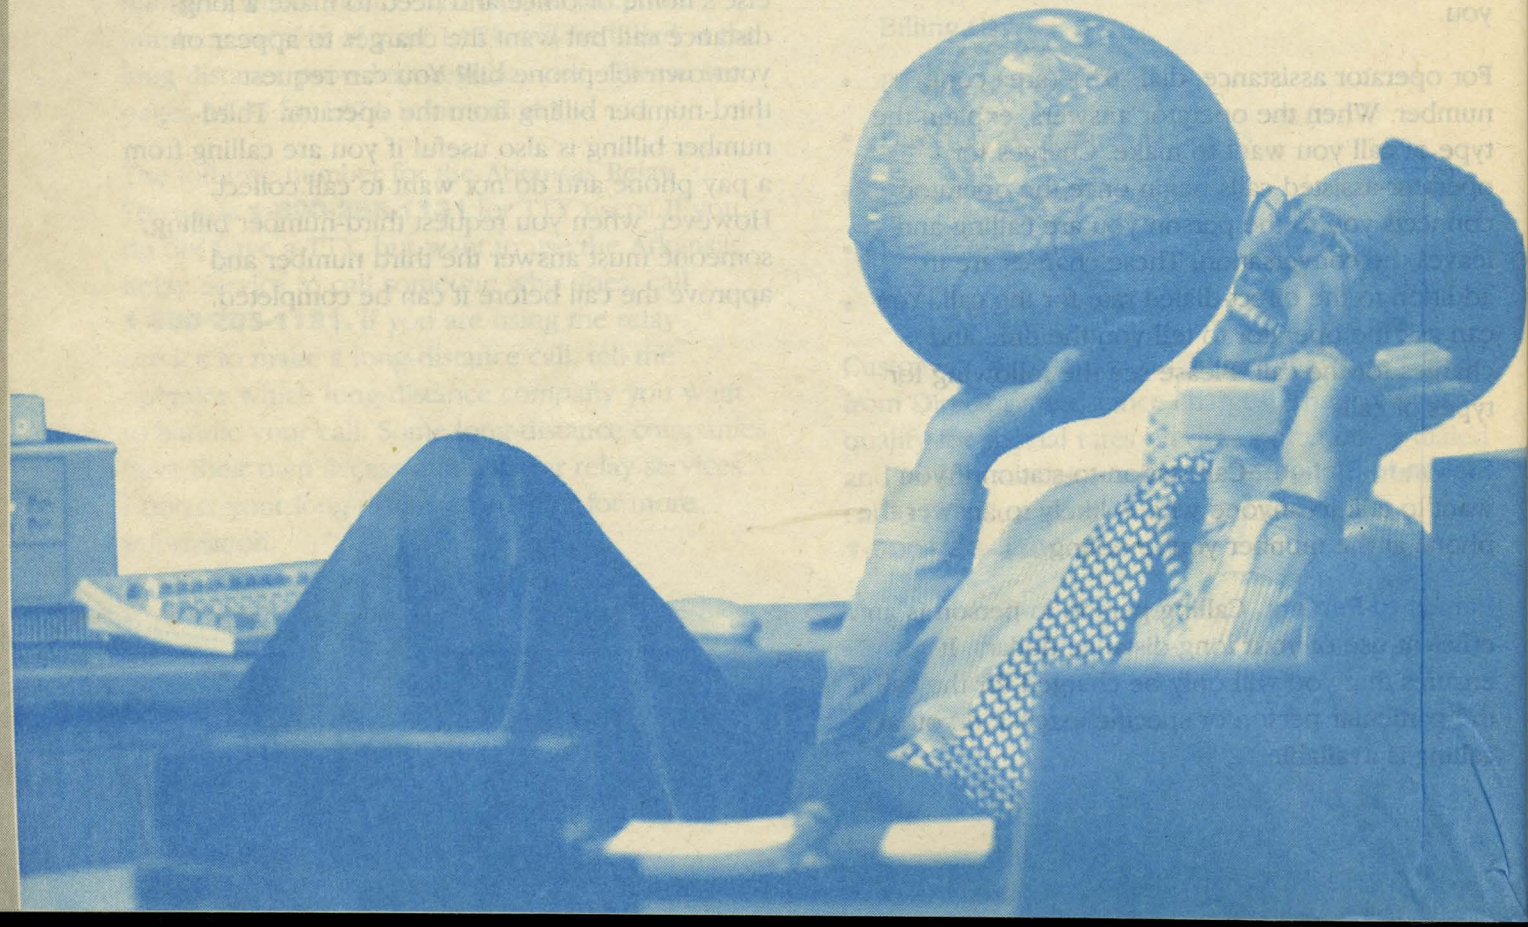
In addition to area codes, all states are divided into one or more geographic regions called LATAs (Local Access and Transport Areas). A toll call from one point to another within a LATA is called an intraLATA or short-distance toll call. A toll call to a point outside a LATA is called an interLATA or long-distance toll call.

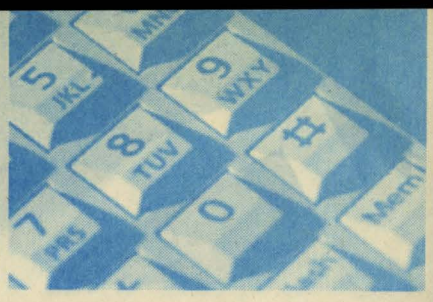
"Equal Access" now allows you to choose the company you want to handle your short and long-distance toll calls. You can choose one company to handle both types of calls or a different company to handle each. Once you have notified your local service provider of your choice, all of your toll calls will be handled automatically by the company you chose whenever you dial "1" + (area code) + number to make the call.

For more information about Equal Access, call our Customer Contact Center at one of these toll-free numbers:

Residential customers **1-800-483-4400**
Business customers **1-800-483-5400**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (Please see page 32 for calling instructions.)

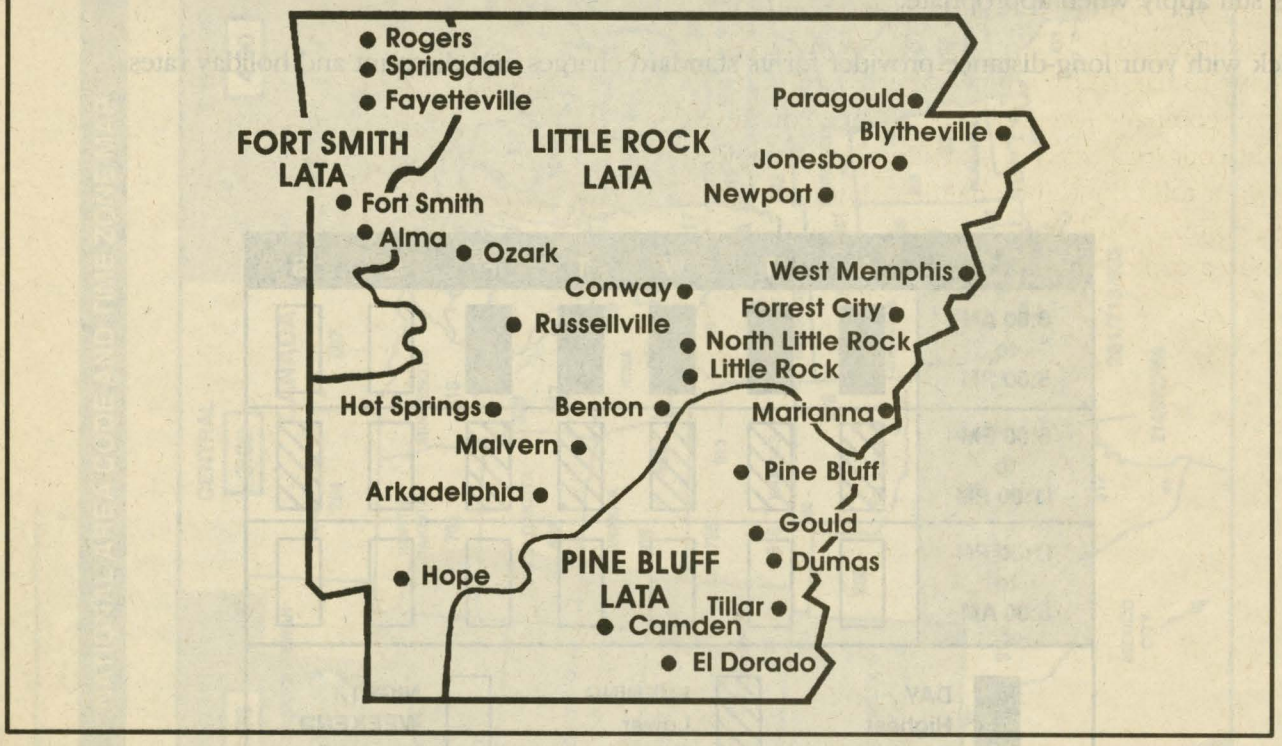




LATA Boundaries

The map below shows Local Access Transport Area (LATA) boundaries for the state of Arkansas. For an explanation of LATAs, see previous page.

LATA MAP



Long-Distance Rates

Rates for long-distance calls are based on the length of the call and on the time of day when the call is placed. Charges start at the rates that are in effect at the time your call is connected. The rates will change if the call continues into a new time period. Discounts are usually applied to calls made in the evening, at night, and on weekends.

The chart below shows an example of time periods and the rates that may apply.

GTE also has holiday rates for New Year's Day, July 4th, Labor Day, Thanksgiving Day, and Christmas Day. On these holidays the evening rate applies all day on direct-dialed calls and the lower night and weekend rates still apply when appropriate.

Check with your long-distance provider for its standard charges and discount and holiday rates.

International Calling

Your international calls automatically go through the long-distance provider you selected for your telephone service. If you want, you can use another long-distance company by dialing that company's access code before dialing the number you're calling. Your GTE Calling Card can also be used to make international calls from the United States and to call back to the United States from some foreign countries. (Your GTE Calling Card cannot be used to make calls between foreign countries.)

Here's how to place an international call: To dial direct, dial "011" + country code + city code + number. Calls to Canada, Puerto Rico, and many Caribbean countries are dialed the same way as long-distance calls within the United States. In other words, to call these countries you only need to dial "1" + (area code) + number. No country, city or international access codes are required.

It may take a while for international calls to connect; you can expect to wait at least 45 seconds (after you've finished dialing) for the ringing to start. If you need operator assistance, dial "01" + country code + city code + number. The operator will ask what type of call you are making. (Please see page 33 for definitions of call types.)

Frequently used country codes are listed below. For information about specific country and city codes, please contact your long-distance provider.

Telephone Safety

Important Safety Tips

There are three telephone safety rules that you should keep in mind at all times — even when using cordless and cellular phones.

Do Not Use The Telephone Near Water. For example, it is unsafe to use the telephone while you are bathing, washing dishes, or in a swimming pool. Contact with water could cause electrical shock.

Do Not Use Your Telephone To Report A Gas Leak. Telephones contain electrical contacts that could generate a tiny spark when you lift your handset. While unlikely, this spark could trigger an explosion if gas is present.

Avoid Using The Telephone During An Electrical Storm. Although GTE uses protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. There is a remote risk that you could receive a dangerous electrical shock from lightning while using the telephone during an electrical storm.

Your telephone equipment can be protected against a voltage surge just as electrical equipment is protected from power surges. Primary overvoltage protection is provided by GTE. (Secondary overvoltage protection against damage to equipment such as modems and answering machines is your responsibility.) For more information about voltage surge protection, contact the **GTE Phone Mart** or call GTE's Customer Contact Center.

Underground Cables

You play a crucial role in helping us protect underground cable. Any household chore that involves digging — planting a tree or installing a fence, for example — can lead to damaged cable, which results in disruption of service for many customers. It's very easy to avoid such problems. Simply call Arkansas One Call, **1-800-482-8998,** at least 48 hours in advance (excluding weekends and holidays), before you dig or drill.

Be prepared to tell us the exact location of the proposed excavation (including the county, city or township, section and 1/4 section number), the type of work you'll be doing, when you plan to start, and how long you think it will take. We'll also need your name and your company's name (if applicable), your address (or company's), a phone number where you can be reached, and the best time to call you back. Following your call, we'll check the location and let you know where the cables are.

Customer Rights & Responsibilities

Telephone Solicitors

A telephone solicitor is a person who calls to ask you to buy something or to make a donation. State and federal laws require that telephone solicitors who call residences must: identify themselves and the business they represent by name, identify the purpose of the call, and provide a telephone number where the solicitor or the company can be reached. Additionally, a telephone solicitor can't legally call a residence before 8:00 a.m. or after 9:00 p.m.

Automatic dialing announcing devices must be disconnected from your line within 30 seconds of the termination of the call.

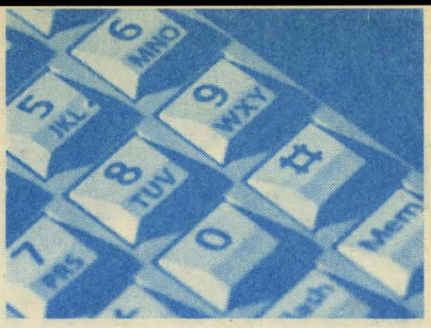
Keep in mind these requirements do not apply to telephone solicitations made at your request, solicitations made in connection with an existing debt or contract, or calls from a telephone solicitor with whom you have a prior or existing business relationship.

If you use a credit card to purchase goods or services from a telephone solicitor, the seller must (unless the seller is a public charity, an organization exempt from federal income tax under the Internal Revenue Code 501 [c] [3]):

- Offer a full refund for the return of undamaged and unused goods within seven days after you receive the goods or services (the seller must process the refund within 30 days after you return either the merchandise or cancel an order that you have not received)
- Provide you with a written contract fully describing the goods and services being offered, the total price charged, the seller's name, address, and phone number, and any terms and conditions affecting the sale

If you want to reduce the number of at-home telephone solicitation calls that you receive from national companies write to:

Telephone Preference Service
Direct Marketing Association
P. O. Box 9014
Farmingdale, New York 11735



Threatening or Obscene Phone Calls

If You Receive Obscene or Nuisance Calls, Follow These Suggestions:

- Hang up
- Give no information
- Advise children to do the same

Making threatening, obscene, or nuisance calls is a violation of state and federal laws. If you receive a threatening call, report it immediately to the police. Many of GTE's optional phone services — **including Caller ID Services, Call Block, and Call Tracing** — are available in some areas and can help prevent annoying calls. Often, changing your telephone number will resolve the problem.

Call a GTE customer service representative, toll-free, at **1-800-483-4400** for more information. If calls continue, call the GTE Nuisance Call Bureau at **1-800-257-2969.**

Recording Phone Calls

It is illegal to record a telephone conversation without the consent of both parties prior to the recording of the conversation. Prior consent must be obtained in writing or be part of, and obtained at the start of the recording.

900/976 Numbers

Telephone numbers beginning with either "900" or "976" provide information to callers at a cost-per-call basis. Examples could be road reports, dial-a-joke, horoscopes, stock market reports, or ski conditions. You will be charged for these calls at the rate established by the information provider. GTE bills you, on behalf of the provider, for these charges. If you don't want anyone in your home making "900" or "976" calls, call a GTE Customer Service representative, toll-free, at **1-800-483-4400.** The first time you request blocking of "900" or "976" number calls, there is no charge. If you cancel the blocking and then request to have it reinstated, you may be charged.

To cancel "900" or "976" blocking, you must submit written authorization to:

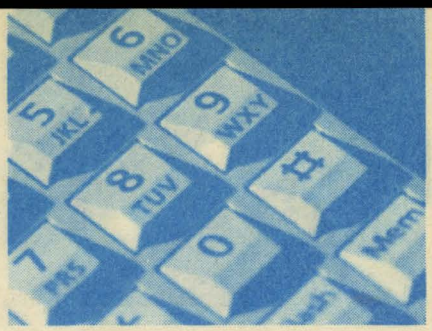
GTE
P. O. Box 11328
St. Petersburg, FL 33733

Customer Billing Rights for 900 and 976 Number Calls

GTE provides billing services for long-distance companies and companies offering 900 and 976 number information services. The federal Telephone Disclosure and Dispute Resolution Act gives you the following rights regarding 900/976 number calls and telephone-billed purchases:

- You do not have to pay for calls to 900/976 numbers that do not follow federal regulations.
- You have the right to question charges for GTE billed telephone purchases or calls to 900/976 number information service providers. This process begins when you call or write GTE or your long-distance carrier, using the telephone numbers listed on your long-distance bill page, within 60 days of receiving the statement showing the charges in question.
- Should you question charges on your telephone bill, GTE or your long-distance carrier must respond to your request within 40 days unless the dispute is resolved within that time.
- If a billing error has occurred, GTE or your long-distance carrier must correct the error and notify you of the correction. Your account will be credited for the disputed amount pending investigation. The company providing the service, however, may attempt to collect the disputed amount even in cases where a billing error has occurred. GTE or your long-distance carrier will provide you with the name, telephone number, and address of that company so you can contact them directly.
- If there is no billing error, GTE or your long-distance carrier will furnish you a written explanation of why no error was found and, upon request, provide you with documentary evidence of why you were billed for the charges in question. You will have a minimum of ten days to pay the disputed amount. Failure to pay such amount may be reported to a credit reporting agency or be subject to collection. Involuntary blocking may also be imposed so that you will be unable to make 900/976 calls from your telephone.
- Neither your long-distance nor your local telephone service may be disconnected if you choose to withhold payment for telephone-billed purchases or calls to 900/976 numbers. However, you must continue to pay for all charges on your bill that are not part of the disputed amount.
- If GTE or your long-distance carrier fails to follow the billing and collection procedures mandated by federal regulations, any disputed amount up to $50 may be forfeited to the customer.

Should you have questions regarding any of this, please call GTE or your long-distance carrier using the telephone numbers listed on your bill.



Other Telephone Service Laws and Practices

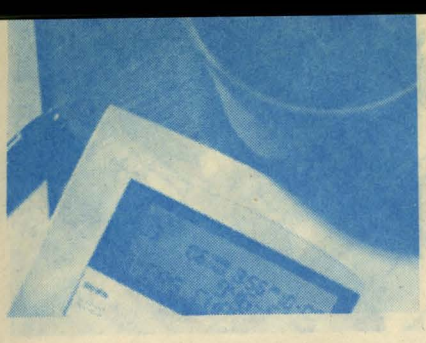
Throughout the Customer Info Guide we've told you about many of the rules and regulations that govern telephone service. Here are some other important things you should know:

GTE provides telephone service without regard to race, nationality, color, religion, sex, disabilities, or marital status. **GTE is regulated by the Arkansas Public Service Commission which requires GTE to provide the consumer information found in the Customer Info Guide.** A complete copy of rules and regulations governing telephone service is available through GTE's Customer Contact Center and the GTE Phone Mart. Please call GTE's Customer Contact Center for copy requests. To reach the commission, you may write or call:

Arkansas Public Service Commission
1000 Center Street
P. O. Box 400
Little Rock, AR 72203
501-682-1718 or 1-800-482-1164

The rates and practices for telephone service now in effect are subject to change. A schedule of current rates is available at the Arkansas Public Service Commission's state office, the GTE Phone Mart, and through GTE's Customer Contact Center. All telephone numbers are owned by your local telephone company, which has the right to change any number as may be required.

No automatic dialing announcing device can be connected to GTE's network unless it complies with Federal Communications Commission (FCC) rules. Autodialers used to transmit artificial or prerecorded voice messages should automatically release the called party's line within 5 seconds of that party's hang-up signal reaching the caller's dialing system. For additional information, call GTE's Customer Contact Center, toll-free, at **1-800-483-5400.**



GENERAL INFORMATION

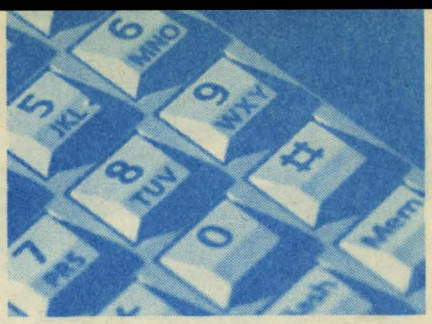
For your protection, GTE is able to detect fraudulent calls. Defrauding or attempting to defraud a telephone company of its lawful charges is prohibited by state and federal laws.

When you call an "800/877/888" or "900/976" telephone number, the telephone number you're calling from may be transmitted to the company you called. Your number could be available to that company's service representative before your call is answered.

Intentional and/or willful damage or destruction to coin telephones is classified as criminal mischief. Punishment could include a prison sentence of two-to-ten years and/or a fine up to $10,000.

When you call 9 1 1, your phone number is either displayed at the answering center or your call is traced. This enables emergency teams to locate you even if the call gets interrupted before you can give your location. If you want to keep your number private, call the seven-digit number listed for your locality's police/sheriff department in the White Pages of this directory.

If you have a problem reaching an emergency number, dial "0" for the operator. Tell the operator the number you are trying to reach and/or the type of help you need. Also, be prepared to provide the number from which you are calling, the community name, and the street address.



Emergency Preparedness

Emergency Procedures

Emergencies and disasters can occur anytime, anywhere. Some are primarily seasonal and allow for certain preparations; others occur without warning. Planning ahead and making provisions for your family's needs can make a big difference in your ability to cope with emergencies. Detailed information on emergency preparedness is available from the American Red Cross and city and county agencies.

Floods and Flash Floods

Floods claim an average of 263 lives every year. Flood waters only one foot deep can sweep you off your feet. If you live in a flood-prone area, it is important to be prepared in case flooding does occur. Determine your nearest safe area above flood waters. Develop an evacuation plan. Remember that many roads, bridges, and existing drainages may be swept away by flood waters.

A flood WARNING means flooding is occurring or will occur soon. If the National Weather Service issues a flood WARNING for your area, you should:

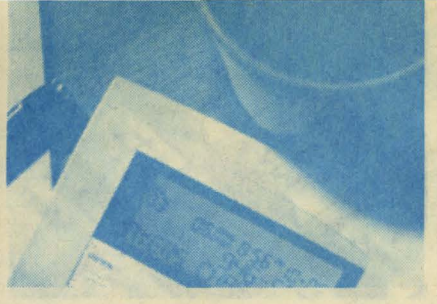
1. Turn off your utilities if your home is likely to be flooded.
2. Fill your car's gas tank.
3. Evacuate if you are told to do so. (See the following section on evacuation procedures.)

Flash floods are rapidly developing floods that can happen with little or no warning. Flash floods are most often caused by intense rainfall, severe thunderstorms, or breaks in a dam, levee, or dike. A flash flood WARNING means you may have only a very short time to escape. A flash flood can happen so rapidly that you may not even get a warning. If the National Weather Service issues a flash flood WARNING for your area, or if you suspect a flash flood is occurring, you should:

1. Leave low-lying areas immediately.
2. If you are driving, stay away from creeks and open ditches.

If your car stalls in rapidly rising waters, abandon it IMMEDIATELY and climb to higher ground. The rushing waters from floods and flash floods are extremely dangerous. Remember:

1. Police barricades are there for your protection. DO NOT DRIVE AROUND THEM.
2. Flood waters covering roads and bridges have more force and power than you think.
3. Walking or driving through flood waters is the most dangerous thing you can do.



Evacuation Procedures:

You will receive instructions to evacuate the area in one of the following ways:

1. The Emergency Alert System (EAS).
2. A uniformed agent of law enforcement or the fire service will contact you.
3. Mobile sirens, police, fire or other PA systems will be used to alert you.

Shelters will be available for residents who cannot stay with friends or relatives in other areas. The Red Cross has prearranged shelter sites throughout the community. If shelters need to be opened for emergency housing, listen to the EAS for the exact locations.

If there is time, take a moment to gather a few important items you may need. Do this as quickly as possible and leave as soon as you can.

If You Can, Bring These Items With You:

1. Prescription drugs
2. Food — if needed for a special diet
3. Eyeglasses or contact lenses
4. Change of clothing
5. Personal items — toilet articles, documents, photo albums
6. Bedding — sleeping bag, pillow, blankets
7. Baby or child supplies — diapers, food, toys
8. Money, credit cards, checks
9. Proper identification
10. Pets — provisions will be made for pets. They will stay in separate housing, but bring food if possible.

Tornadoes

If you see or hear a tornado, seek shelter immediately. Bring a portable radio for news and weather updates. Lie flat and protect your head and eyes.

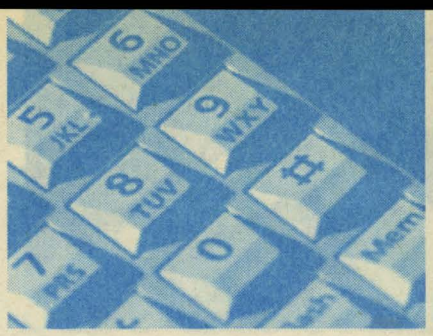
Here are some guidelines for seeking shelter:

In homes: Stay away from windows, doors, and outside walls. Go to the basement. If the house doesn't have a basement, go to a first-floor bathroom, closet, or another room at the center of the house. If possible, get under heavy furniture or cover your head with blankets or pillows.

In schools: Stay away from windows and large areas such as auditoriums and gymnasiums. Go to the basement. If there is no basement, go to a small interior room or a hallway on the lowest floor.

In public buildings: Stay away from windows. Don't go to your car. Go to a designated shelter area or to an interior hallway or a small room on the lowest floor.

In mobile homes: Get out immediately. If there isn't a reinforced building or underground shelter nearby, take cover in a ditch or valley.



Nuclear Planning and Response

Within 15 minutes of the time an emergency is declared at Arkansas Nuclear One, Entergy Operations, Inc. must notify state and local officials. Through use of the Emergency Warning System, state officials can notify the public of an emergency within 15 minutes. You will hear a steady siren signal lasting about 3 minutes.

PLEASE STAY CALM!

When you hear the sirens, listen to one of these local radio stations for information:

KCAB	980	AM	Dardanelle
KLYR	1360	AM	Clarksville
KMTC	91.1	FM	Russellville
KXRJ	91.1	FM	Russellville
KLYR	92.7	FM	Clarksville
KWKK	100.9	FM	Dardanelle
KCJC	102.3	FM	Russellville
NOAA Weather Radio Frequency			
	162.525		Russellville

Evacuation Procedures

Look at the map on page 57 and find out which Care Center you would go to and how you would get there. If an evacuation begins, don't rush, you'll have time. When you leave home, tear out the "NOTIFIED" tag from the back of your Emergency Instructions Booklet. Attach the tag to the front of your home so officials will know you have gone. As you leave the area, tell a neighbor about the evacuation. They may not know about the evacuation and may need a ride to a Care Center. You may need to stay at the Care Center for two or three days. This will depend on conditions at the plant. Listen to the radio for current information.

Care Center Locations

Morrilton	Morrilton High School
Hector	Hector High School
Clarksville	Clarksville High School
Paris	Paris High School
Danville	Danville High School

Items to Take to the Care Center

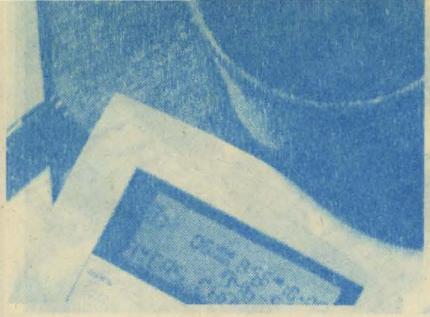
- change of clothing
- towels & washcloths
- personal identification
- soap & shaving equip.
- flashlight & batteries
- blankets & pillows
- sanitary supplies
- medications
- baby supplies
- portable radio

Home Safety Tips

Sheltering means to stay indoors. Close all doors and windows. Turn off sources of outside air. Close the fireplace flue if not in use. Use telephones only for medical, fire, or extreme emergencies. Remain indoors until told it is safe to go out. If traveling, close auto windows and vents and put air conditioner on maximum, if needed. Listen to your local radio station for further instructions.

School Evacuation Procedures

Schools will be notified before the general public and students will be taken to a Care Center. Parents should not attempt to pick up their children at the schools since this will create a traffic problem. Once children are registered at the Care Center, they may leave with a parent or legal guardian. If it is necessary, students will be monitored for radioactive contamination.



GENERAL INFORMATION

Special Assistance Information

Are you:

- hearing disabled/hard of hearing/deaf
- unable to hear a siren in your location
- mentally or physically challenged

Or would you:

- need a ride to a Care Center
- need special notification

If one of these applies to you, fill out a "SPECIAL NEEDS INFORMATION" form. If you don't have one, contact:

Arkansas Department of Health
Nuclear Planning and Response Program
P. O. Box 1749
Russellville, AR 72811-1749
or
Phone: (501) 968-7171 or (800) 422-6630

Our office is located at 305 South Knoxville in Russellville and office hours are 8:00 a.m. to 4:30 p.m., Monday through Friday, excluding holidays. To report siren problems, NOAA Weather Radio Problems, or any urgent concern, you may call the above telephone numbers 24 hours a day.

Severe Weather

The siren system around Arkansas Nuclear One can be used to alert the public of severe weather. This can be done by local officials if they feel it is necessary.

Livestock Information

A free pamphlet is available from Nuclear Planning and Response. Use the information above to contact our office.

*An **Emergency Instruction Booklet** has been mailed to everyone living within 10 miles of Arkansas Nuclear One. If you did not receive one, please contact our office for a **FREE** copy.*

GTE

THE WORLD OF GTE DIRECTORIES

The Leader in Linking Buyers and Sellers in Communities and Around the World

Virtually Everything

Now you can find virtually everything you need to make life easier, all from just one company. GTE Directories leads consumers to local products and services in The Everything Pages® directory. **It's simply the easiest-to-use, best, most complete local telephone directory.**

Everything Virtually

And for millions of national business listings, consumers around the world can log on to GTE's SuperPages℠ services on the Internet. You can search SuperPages by business type, location, products, brand names — any number of ways. Find up-to-date information, online maps and customized door-to-door driving directions. Or even buy products online. **It's super-easy at www.superpages.com.**

Whether you're a consumer looking to buy, or an advertiser wanting to sell, GTE's The Everything Pages directories and online services make life easier. And we always give you lots of options, both in our phone books and online.

White Pages Listing Options for Homes and Businesses

Generally, your name, address, and phone number appear in your White Pages listing. You can ask for an alteration, such as listing just your name and phone number, or using an initial instead of your full first name. You will be listed once in the White Pages without charge. The following options are also available (additional charges will apply):

Additional Listings: Even if your telephone service is in someone else's name, you can request an additional directory listing in your name. Other family members can be added to your listing. Additional listings can also give someone who is already listed extra exposure.

Non-Listed Service: You can omit your listing from the White Pages but retain it in our Directory Assistance records.

Non-Published Service: For privacy, you can omit your listing from the White Pages and Directory Assistance records.

Call GTE's Customer Contact Center for information about changing your listing:

Residential customers **1-800-483-4400**
Business customers **1-800-483-5400**

Text Telephone (TTY) customers call GTE through the Arkansas Relay Service. (Please see page 32 for calling instructions.)

Find GTE's online directory at www.superpages.com on the Internet.

We make every effort to assure that the listings in our directories are accurate, but GTE assumes no liability for charges resulting from errors or omissions. If you are aware of an error or problem, please call one of GTE's Customer Contact Centers listed on the previous page.

Yellow Pages Options For Advertisers

Your company receives a free Yellow Pages listing, under the category of your choice. You can enhance this basic listing with Yellow Pages advertising. For more information, call the toll-free numbers listed below to talk with your local GTE Yellow Pages sales office or speak with a GTE Yellow Pages customer service representative:

Sales **1-800-621-5958**
Customer Relations **1-800-555-4833**

Internet Options For Advertisers

Does your business advertise on the Internet? GTE's SuperPages service offers a number of online advertising options to help you get online and down to business. For more information call **1-800-428-8722.**

GTE Directories

Whether you're a buyer or a seller, using phone books or searching online, GTE Directories is your best option.

GTE Directories is backed by the integrity and resources of GTE, one of the largest telecommunications companies in the world.

GTE Directories has been publishing telephone directories for over 60 years. GTE Directories publishes approximately 2,400 directory titles with a total circulation of 80 million copies in the United States and 14 other countries.

Linking Quality to Customer Service

Whether we're producing Yellow Pages or Web Pages, one thing remains the same — our commitment to quality and the needs of our customers. In fact, GTE Directories received the 1994 Malcolm Baldrige National Quality Award in the Service category. GTE Directories is the only directory publishing company to win this prestigious award which recognizes U.S. companies that excel in quality management and quality achievement.

ANY DIRECTORY, ANY TIME.

You can order any copy of GTE's The Everything Pages directory any time of day, seven days a week by calling

1-800-888-8448 or find us on the Internet at **http://orderbook.com**

HOW TO HELP WITH YOUR CHILD'S HOMEWORK

if you can't read.

YOU TELL YOUR CHILD THE ONLY WAY TO LEARN IS TO DO IT YOURSELF.

Part of you wants to follow the natural instincts of every parent and help your child learn and thrive. The other part of you wants to hide the fact that you can't.

YOU TELL YOUR CHILD YOU DON'T UNDERSTAND "THE NEW MATH."

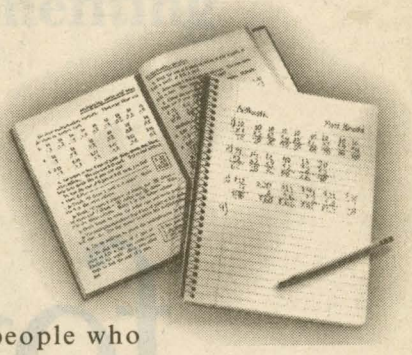
How long can you make excuses? Should you confess to your child that his or her reading level has already passed yours?

YOU TELL YOUR CHILD YOU HAVE A HEADACHE.

Should you continue to bluff and find ways around the problem, the way you've done since you were a kid yourself?

YOU TELL YOUR CHILD LIES.

Your fear is that your child will lose respect for you because you can't read. But is that any worse than the respect you'll lose when your child figures out you couldn't tell the truth?



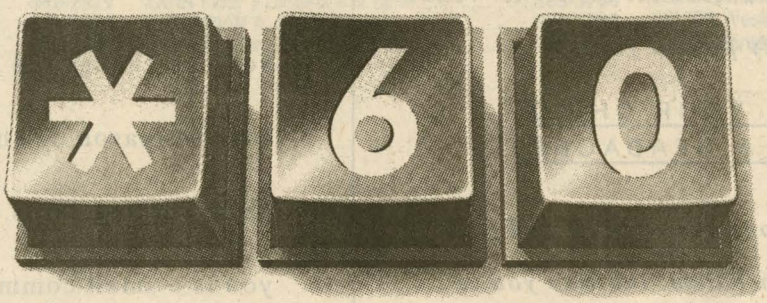
Real-life situations like this are faced every day by people who can't read. They're embarrassed. They're regretful. And sooner or later, many of them become fed up enough to finally seek help. That's where you come in.

By becoming a literacy volunteer, you can change the lives of people who, for one reason or another, never learned basic reading skills. All that's asked of you is a small commitment of time. We'll do the rest by providing training, materials and introductions. To find out more, call Literacy Volunteers of America at 1-877-HELP-LVA. And help open the world for someone who can't read.

—LITERACY VOLUNTEERS *of* AMERICA—

1-877-HELP-LVA

Think of it as a form of pest control.



Call Block *from* GTE.

Nothing eliminates annoying callers faster than Call Block, A SmartCall® Service from GTE. If you're being called by someone you don't want to talk to, simply hang up. Punch three buttons. And say good-bye. Your phone will no longer accept calls from that number. Call Block from GTE. It gets rid of the bugs in your life. Whoever they happen to be.

GTE

Together, young and older Americans, are rediscovering what they can accomplish... And we're all benefiting

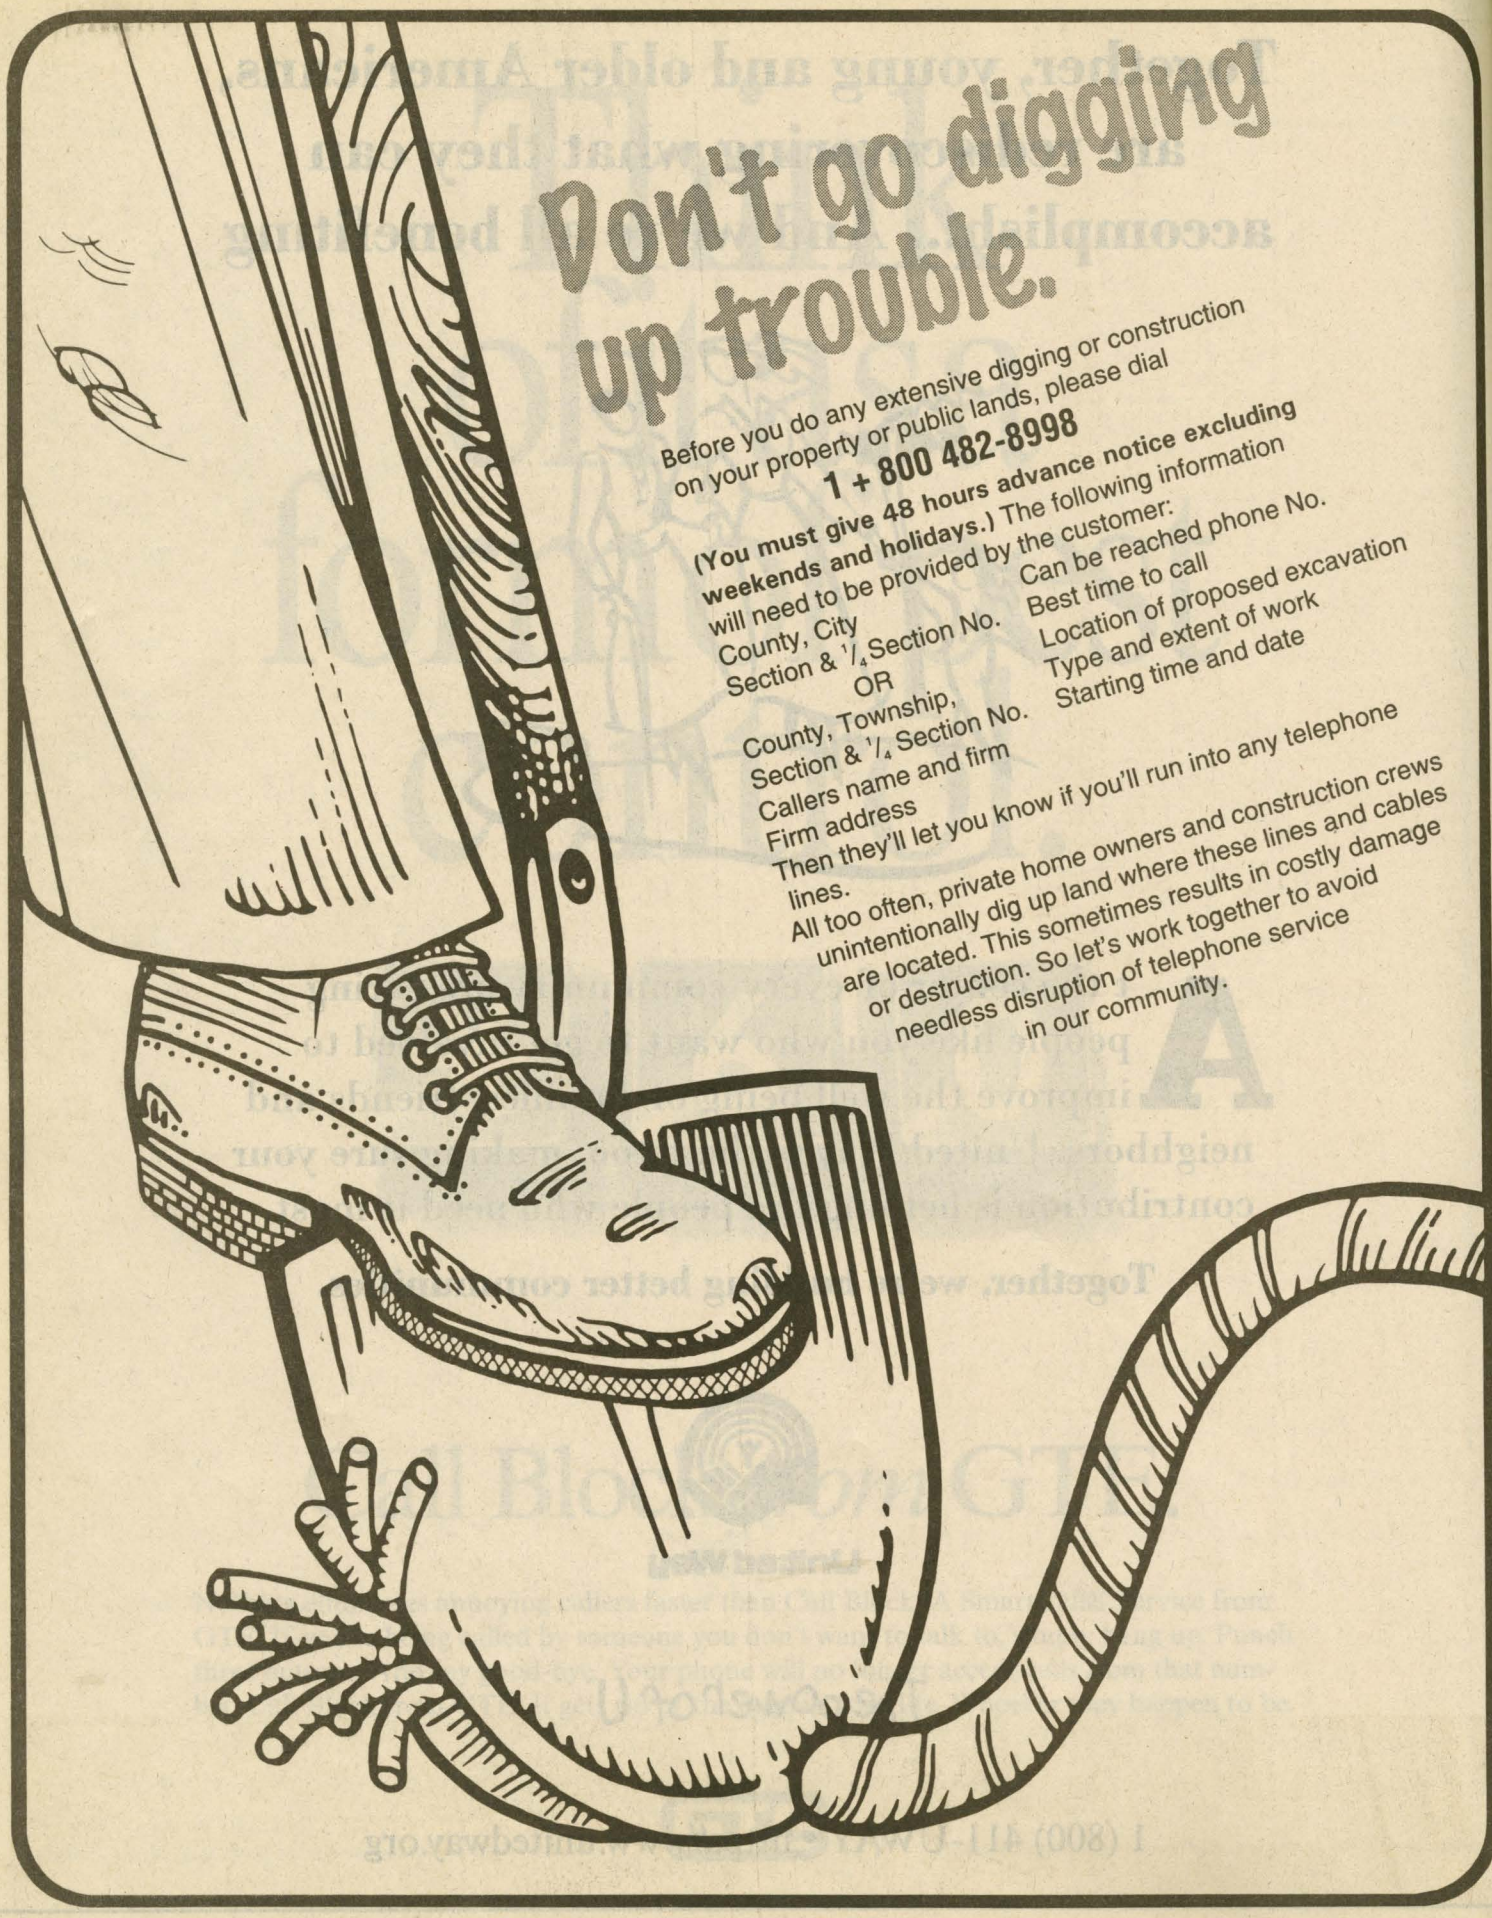
At the center of every community are caring people like you who want to get involved to improve the well being of families, friends and neighbors. United Way is there too, making sure your contribution is helping the people who need it most.

Together, we're building better communities.

United Way

The power of U

1 (800) 411-UWAY • http://www.unitedway.org



Don't go digging up trouble.

Before you do any extensive digging or construction on your property or public lands, please dial

1 + 800 482-8998

(You must give 48 hours advance notice excluding weekends and holidays.) The following information will need to be provided by the customer:

County, City
Section & $^{1}/_{4}$ Section No.
OR
County, Township,
Section & $^{1}/_{4}$ Section No.
Callers name and firm
Firm address
Can be reached phone No.
Best time to call
Location of proposed excavation
Type and extent of work
Starting time and date

Then they'll let you know if you'll run into any telephone lines.

All too often, private home owners and construction crews unintentionally dig up land where these lines and cables are located. This sometimes results in costly damage or destruction. So let's work together to avoid needless disruption of telephone service in our community.

YELLOW PAGES INDEX

EVERYTHING FROM A PARAKEET TO A PAIR OF SHOES. Looking for something specific in the Yellow Pages? No matter what you need, from a pet bird to a wingtip, the Yellow Pages Index has page numbers and convenient cross-references that will point you right to it.

* Advertisers appearing in the Yellow Pages section under some categories may be required to possess certification or licensing required by the state, county or other government entity. We urge consumers with questions about legal compliance to look for the appropriate government agency in the government listings of this directory.

Use GTE's The Everything Pages® directory.

24.7.365.

Does your current advertising work harder?

Did you know that businesses lose a third of their customers every year? If you don't want to become part of that statistic, you need to work hard to keep your existing customers and build your business by acquiring new ones.

To achieve this, you need advertising that works 24-hours a day, 7 days a week, 365 days a year. You need the GTE Yellow Pages. Why? Because the Yellow Pages is in nearly every home and business. So it's easy to understand why it generates over 18.6 *billion* referrals a year.

Or you can advertise on the internet with GTE's SuperPages® at www.superpages.com. It's a place where thousands of affluent and eager shoppers flock every day ready to buy.

The GTE Yellow Pages. Nothing works harder. 24. 7. 365.

Get Speed Calling from GTE.

Why advertise in The Everything Pages® telephone directory?

Because it reaches customers when they are ready to buy, 24 hours a day, 365 days a year.

GTE *The Everything Pages*

"A penny saved is a penny earned, but the coupons in this book really make cents."

Benjamin Franklin

Save your pennies - several dollars at a time - with the coupons in The Everything Pages® directory.

Directory advertising pays.

The best advertising for a business is advertising that makes the phone ring and brings customers to the door.

Keep both busy by advertising in The Everything Pages® directory.

GTE *The Everything Pages*

A house is not a home without a phone.

Moving? If you are, get in touch with the telephone company and they'll tell you what to do. The telephone company is one old friend that'll always be with you no matter where you go.

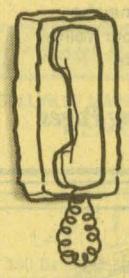
Shop locally and save!



It's time they were on their own... telephone.

Here's something for the kids, their own line. Besides giving them a sense of identity and individuality, it shows them you care. So call the phone company - as soon as your kids get off the phone! - and make it official!

Call Long Distance.

Say Hello

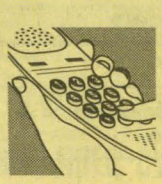
An ad in The Everything Pages® directory is often the consumer's introduction to a business.

GTE *The Everything Pages®*

Sharing a phone line is no party.

When you're in a hurry, when you have important news, or during an emergency, party line service can slow you down. Call your GTE service representative for low private line rates.

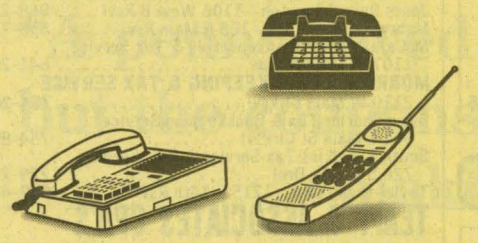
GTE



Give your home the missing touch.

Touch Calling Service is the most efficient way to make your calls. No waiting for the dial to spin. Fewer dialing errors. Access to modern computer-based services. Call your GTE service representative.

GTE



Phones that make your life simpler.

Find them at the GTE Phone Mart®. Phones that remember, that have two lines, that take messages. Even phones that can go for a walk. Plus you'll find professional salespeople that can answer your questions.

Don't be too pushy.

Often, when you make a call too quickly, you get the wrong number. Wrong numbers mean extra work, wasted time and inconvenience. So, take your time, and give phone service a push in the right direction.

SPECIALISTS IN ORTHODONTICS FOR CHILDREN AND ADULTS

*An **ORTHODONTIST** is a dental specialist who has successfully completed at least two years of continuous advanced studies in an orthodontic program of a dental school or institution approved by the American Dental Association. These advanced studies permit the designation - **"Specialist in Orthodontics"***

Members of:
American Association of Orthodontists
Arkansas Association of Orthodontists

CHILDREN SHOULD BE SCREENED BY AN ORTHODONTIST BEFORE AGE 8

Don't be too pushy.

Often, when you make a call too quickly, you get the wrong number. Wrong numbers mean extra work, wasted time and inconvenience. So, take your time, and give phone service a push in the right direction.

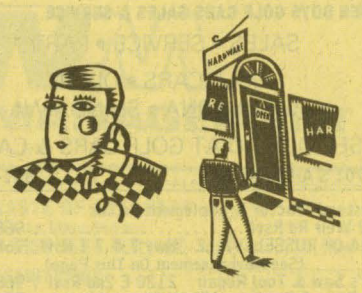
What everyone is reading.
The Everything Pages®
directory from GTE.



The best advertising for a business is advertising that makes the phone ring and brings customers to the door.

Keep both busy by advertising in The Everything Pages® directory.

GTE *The Everything Pages®*

A house is not a home without a phone.

Moving? If you are, get in touch with the telephone company and they'll tell you what to do. The telephone company is one old friend that'll always be with you no matter where you go.

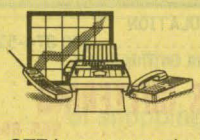
Get Speed Calling from GTE.

Interested in saving money?

Ask your GTE directory representative about Co-op dollars that may be available to help pay for your Yellow Pages advertising program.

GTE *The Everything Pages*



Growth solutions for blossoming businesses.

GTE has communications solutions for improving productivity and controlling costs. We offer quality tested equipment. Expandable systems. Flexible services. Call your local business office for details.

GTE

On any given day, at any given hour, people are opening their GTE Yellow Pages.

It's time they were on their own... telephone.

Here's something for the kids, their own line. Besides giving them a sense of identity and individuality, it shows them you care. So call the phone company - as soon as your kids get off the phone! - and make it official!

GTE

Now's the time to install your phone.

Give the phone company a call while you're constructing your new home. They'll put in all your wiring and outlets then. That way you'll avoid unnecessary inconvenience after you move in.

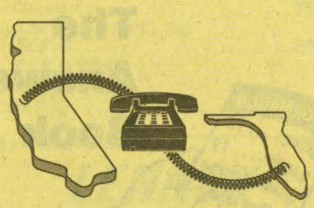
Find phones that make your life simpler at the GTE Phone Mart®.

GTE's Yellow Pages is the practical way of helping people find you.



Stay close to someone far, far away.

No matter where you are, no matter how far away, a telephone can instantly bring you together with those you love. And the phone company's low evening, weekend and holiday Long Distance rates will keep the costs down. Remember, when you're miles apart, Long Distance means you're really only inches away.

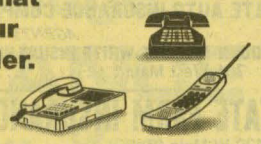
You can order any GTE

directory, any time.

Call 1-800-888-8448.

Phones that make your life simpler.



Find them at the GTE Phone Mart®. Phones that remember, that have two lines, that take messages. Even phones that can go for a walk. Plus you'll find professional salespeople that can answer your questions.

GTE

Our business machine gets the answer fast.

No matter where the answers are, your phone and Long Distance are your fastest and most reliable means of communication. Remember, when you need information fast, your phone and Long Distance always mean business.

GTE

Pillow talk.

Sweet dreams will be yours with a phone by your pillow. No leaping out of bed or running down the stairs in the dark. Call the phone company today and ask about easy bedroom phone installation.

It makes cents to advertise

in The Everything Pages®

directory from GTE.

I tried to let you know, but there was no answer.

With Call Forwarding, you could have found out in time. It lets you reroute your calls to where you're going, to a neighbor, to an answering service. With push button ease. Call your GTE service representative for details.

GTE

Why advertise in The Everything Pages® telephone directory?

Because it reaches customers when they are ready to buy, 24 hours a day, 365 days a year.

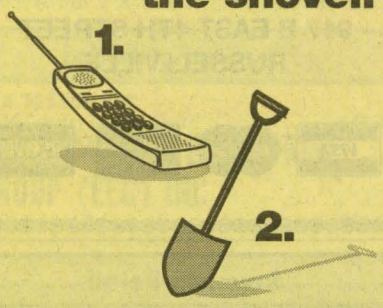
GTE *The Everything Pages®*

We're proud to support the community!

GTE demonstrates a commitment to the communities it serves through a broad range of support activities, from educational programs to individual employees who volunteer their time to local organizations.

GTE *The Everything Pages®*

Use the phone before the shovel.



Cutting buried cables can be disruptive for hundreds of people by putting phones out of service. So use your phone first to locate cable. Call us before you dig.

For getting around town,

nothing

outperforms your phone.

Phones that make your life simpler.

Find them at the GTE Phone Mart®. Phones that remember, that have two lines, that take messages. Even phones that can go for a walk. Plus you'll find professional salespeople that can answer your questions.

GTE

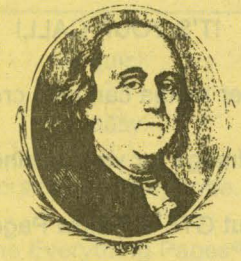
"A penny saved is a penny earned, but the coupons in this book really make cents."



Benjamin Franklin

Save your pennies - several dollars at a time - with the coupons in The Everything Pages® directory.

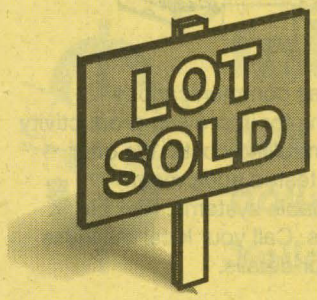
Bagby Tom Photography Inc
1915 W Main Rsvl 968-4403

Cutting buried cables can be disruptive for hundreds of people. Call your phone company to locate cables before you dig!

It's time they were on their own... telephone.

Here's something for the kids, their own line. Besides giving them a sense of identity and individuality, it shows them you care. So call the phone company - as soon as your kids get off the phone! - and make it official!

GTE



Now's the time to install your phone.

Give the phone company a call while you're constructing your new home. They'll put in all your wiring and outlets then. That way you'll avoid unnecessary inconvenience after you move in.

Stay close to someone far, far away.

No matter where you are, no matter how far away, a telephone can instantly bring you together with those you love. And the phone company's low evening, weekend and holiday Long Distance rates will keep the costs down. Remember, when you're miles apart, Long Distance means you're really only inches away.

24.7.365.

Does your current advertising work harder?

Did you know that businesses lose a third of their customers every year? If you don't want to become part of that statistic, you need to work hard to keep your existing customers and build your business by acquiring new ones.

To achieve this, you need advertising that works 24-hours a day, 7 days a week, 365 days a year. You need the GTE Yellow Pages. Why? Because the Yellow Pages is in nearly every home and business. So it's easy to understand why it generates over 18.6 *billion* referrals a year.

Or you can advertise on the internet with GTE's SuperPages® at www.superpages.com. It's a place where thousands of affluent and eager shoppers flock every day ready to buy.

The GTE Yellow Pages. Nothing works harder. 24. 7. 365.

Pillow talk.

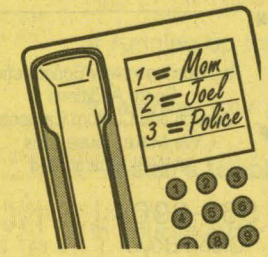
Sweet dreams will be yours with a phone by your pillow. No leaping out of bed or running down the stairs in the dark. Call the phone company today and ask about easy bedroom phone installation.

GTE

Our business machine gets the answer fast.

No matter where the answers are, your phone and Long Distance are your fastest and most reliable means of communication. Remember, when you need information fast, your phone and Long Distance always mean business.

GTE



You're not my mother? I'm sorry, wrong number.

With Speed Calling, you can reach Mom with one or two digits. Your phone line remembers the longer number... and enters it correctly. Great for emergency numbers, too. Call your GTE service representative for details.

Use the phone before the shovel.

Cutting buried cables can be disruptive for hundreds of people by putting phones out of service. So use your phone first to locate cable. Call us before you dig.

GTE

We're proud to support the community!

GTE demonstrates a commitment to the communities it serves through a broad range of support activities, from educational programs to individual employees who volunteer their time to local organizations.

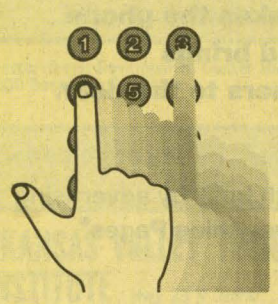
When the customers you want to reach need information about your business, they reach for their GTE directory.



Don't be too pushy.

Often, when you make a call too quickly, you get the wrong number. Wrong numbers mean extra work, wasted time and inconvenience. So, take your time, and give phone service a push in the right direction.

There are lots of ways

to say

Happy Birthday!

But,

none as simple

as your phone.

Stop missing calls

or running up the stairs

to answer your phone.

Install a telephone

in your laundry room!

Call the phone company today,

between cycles.

Sweet dreams will be yours with a phone by your pillow. Call the phone company today and ask about easy bedroom phone installation.

The Answer Book

Whether it's the Police or Fire Department, long distance instructions, area codes, or other telephone information - you have it right in the front pages of your local telephone directory.

GTE

Stay close to someone far, far away.

No matter where you are, no matter how far away, a telephone can instantly bring you together with those you love. And the phone company's low evening, weekend and holiday Long Distance rates will keep the costs down. Remember, when you're miles apart, Long Distance means you're really only inches away.

GTE

Interested in saving money?

Ask your GTE directory representative about Co-op dollars that may be available to help pay for your Yellow Pages advertising program.

Give 'em the business long distance.

Long Distance is always your fastest and most reliable means of communication no matter what line of business you're in. So pick up the phone and pick up business, too.

GTE

Travel the speed of sound and save gas.

With the telephone, of course. It can get you there without gasoline. And you can travel at lower rates by direct dialing your long distance calls after five on weekdays and anytime Saturday or Sunday.

Need additional directories?

Call 1-800-888-8448.

We're proud to support the community!

GTE demonstrates a commitment to the communities it serves through a broad range of support activities, from educational programs to individual employees who volunteer their time to local organizations.

GTE *The Everything Pages*®

Together, young and older Americans, are rediscovering what they can accomplish... And we're all benefiting

At the center of every community are caring people like you who want to get involved to improve the well being of families, friends and neighbors. United Way is there too, making sure your contribution is helping the people who need it most.

Together, we're building better communities.

United Way

The power of U

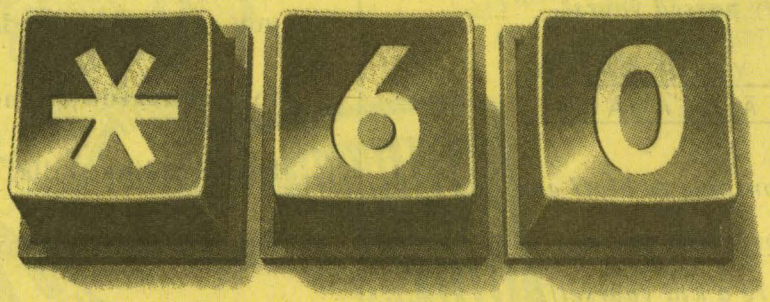
Notes

Think of it as a form of pest control.



Call Block *from* GTE.

Nothing eliminates annoying callers faster than Call Block, A SmartCall® Service from GTE. If you're being called by someone you don't want to talk to, simply hang up. Punch three buttons. And say good-bye. Your phone will no longer accept calls from that number. Call Block from GTE. It gets rid of the bugs in your life. Whoever they happen to be.

GTE

HOW TO HELP WITH YOUR CHILD'S HOMEWORK

if you can't read.

YOU TELL YOUR CHILD THE ONLY WAY TO LEARN IS TO DO IT YOURSELF.

Part of you wants to follow the natural instincts of every parent and help your child learn and thrive. The other part of you wants to hide the fact that you can't.

YOU TELL YOUR CHILD YOU DON'T UNDERSTAND "THE NEW MATH."

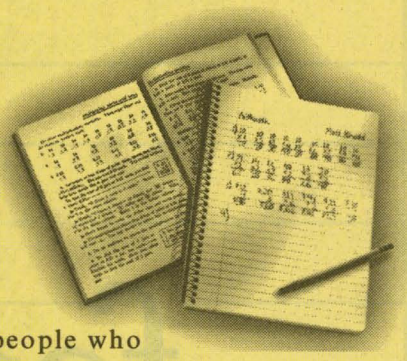
How long can you make excuses? Should you confess to your child that his or her reading level has already passed yours?

YOU TELL YOUR CHILD YOU HAVE A HEADACHE.

Should you continue to bluff and find ways around the problem, the way you've done since you were a kid yourself?

YOU TELL YOUR CHILD LIES.

Your fear is that your child will lose respect for you because you can't read. But is that any worse than the respect you'll lose when your child figures out you couldn't tell the truth?

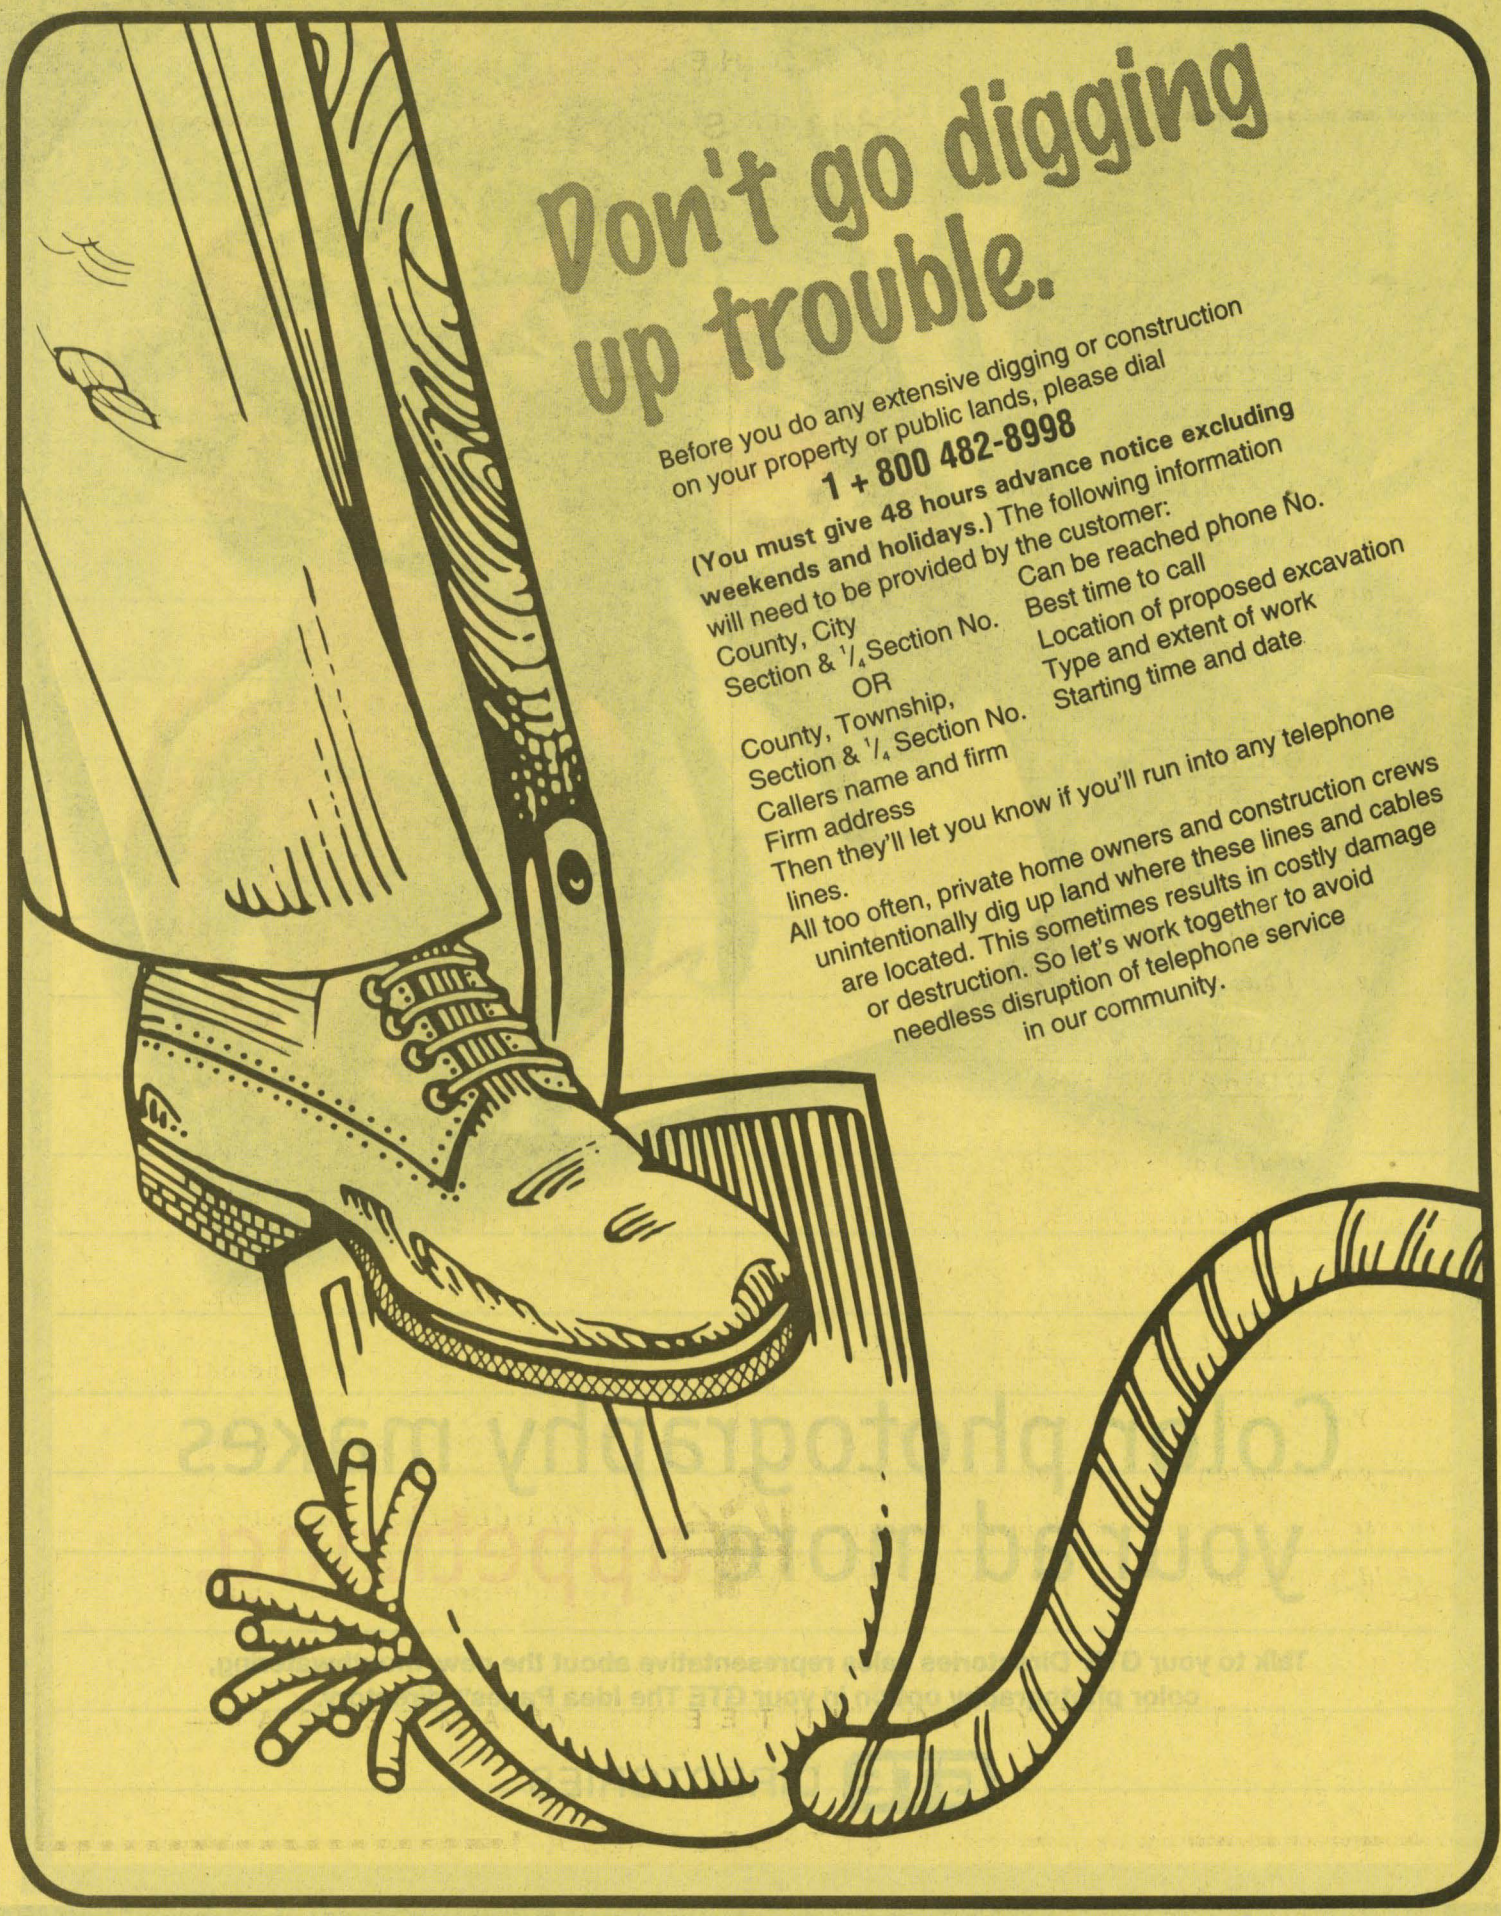


Real-life situations like this are faced every day by people who can't read. They're embarrassed. They're regretful. And sooner or later, many of them become fed up enough to finally seek help. That's where you come in.

By becoming a literacy volunteer, you can change the lives of people who, for one reason or another, never learned basic reading skills. All that's asked of you is a small commitment of time. We'll do the rest by providing training, materials and introductions. To find out more, call Literacy Volunteers of America at 1-877-HELP-LVA. And help open the world for someone who can't read.

— LITERACY VOLUNTEERS *of* AMERICA —

1-877-HELP-LVA



Don't go digging up trouble.

Before you do any extensive digging or construction on your property or public lands, please dial

1 + 800 482-8998

(You must give 48 hours advance notice excluding weekends and holidays.) The following information will need to be provided by the customer:

County, City
Section & 1/4 Section No.
OR
County, Township,
Section & 1/4 Section No.
Callers name and firm
Firm address
Can be reached phone No.
Best time to call
Location of proposed excavation
Type and extent of work
Starting time and date

Then they'll let you know if you'll run into any telephone lines.

All too often, private home owners and construction crews unintentionally dig up land where these lines and cables are located. This sometimes results in costly damage or destruction. So let's work together to avoid needless disruption of telephone service in our community.

Color photography makes your ad more appetizing.

Talk to your GTE Directories sales representative about the new, mouthwatering, color photography option in your GTE The Idea Pages™ directory.

HOW TO HELP WITH YOUR CHILD'S HOMEWORK

if you can't read.

YOU TELL YOUR CHILD THE ONLY WAY TO LEARN IS TO DO IT YOURSELF.

Part of you wants to follow the natural instincts of every parent and help your child learn and thrive. The other part of you wants to hide the fact that you can't.

YOU TELL YOUR CHILD YOU DON'T UNDERSTAND "THE NEW MATH."

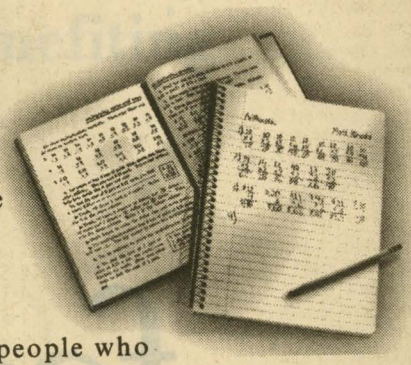
How long can you make excuses? Should you confess to your child that his or her reading level has already passed yours?

YOU TELL YOUR CHILD YOU HAVE A HEADACHE.

Should you continue to bluff and find ways around the problem, the way you've done since you were a kid yourself?

YOU TELL YOUR CHILD LIES.

Your fear is that your child will lose respect for you because you can't read. But is that any worse than the respect you'll lose when your child figures out you couldn't tell the truth?



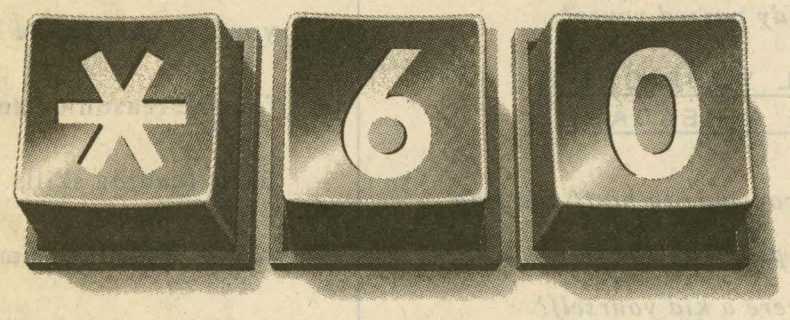
Real-life situations like this are faced every day by people who can't read. They're embarrassed. They're regretful. And sooner or later, many of them become fed up enough to finally seek help. That's where you come in.

By becoming a literacy volunteer, you can change the lives of people who, for one reason or another, never learned basic reading skills. All that's asked of you is a small commitment of time. We'll do the rest by providing training, materials and introductions. To find out more, call Literacy Volunteers of America at 1-877-HELP-LVA. And help open the world for someone who can't read.

— LITERACY VOLUNTEERS *of* AMERICA —

1-877-HELP-LVA

Think of it as a form of pest control.



Call Block *from* GTE.

Nothing eliminates annoying callers faster than Call Block, A SmartCall® Service from GTE. If you're being called by someone you don't want to talk to, simply hang up. Punch three buttons. And say good-bye. Your phone will no longer accept calls from that number. Call Block from GTE. It gets rid of the bugs in your life. Whoever they happen to be.

GTE

Together, young and older Americans, are rediscovering what they can accomplish... And we're all benefiting

At the center of every community are caring people like you who want to get involved to improve the well being of families, friends and neighbors. United Way is there too, making sure your contribution is helping the people who need it most.

Together, we're building better communities.

United Way

The power of U

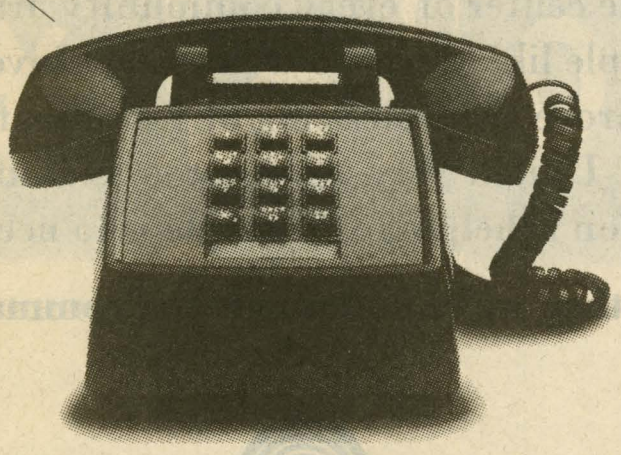
How to tell an important call from a ding-a-ling.

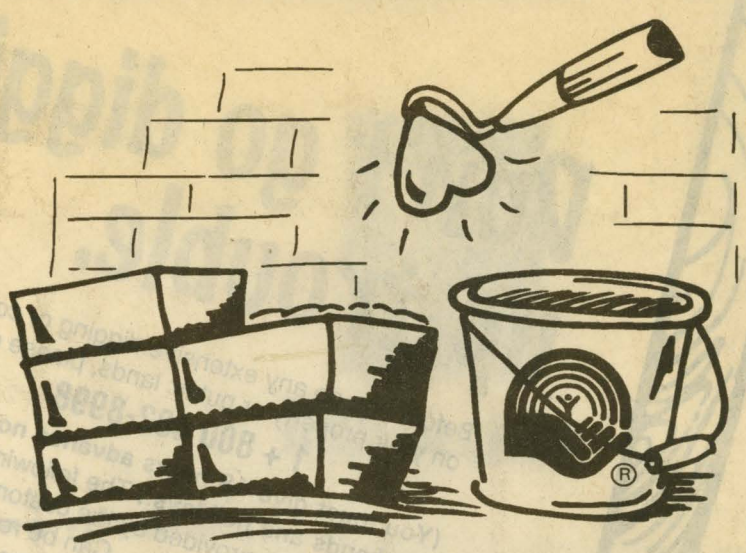
RING
R-I-I-I-I-I-I-I-I-I-I-I-I-I-I-I-I-N-G
RING



VIP Alert *from* GTE.

If you don't have time to talk to goofballs, birdbrains and ding-a-lings, get VIP Alert, a SmartCall® Service from GTE. A call coming from one of 12 local numbers that you select will have its own special ring. That way you'll know when you're getting an important call. Order VIP Alert right away. Then your most important calls will have a certain ring to them.

GTE



At United Way we are laying the foundations for a better tomorrow...

By funding programs that help educate children, care for the elderly, train local leaders and assist neighbors in need, we are helping to lay the foundations for healthy, thriving communities. We make the most of your contribution by working in partnership with local business and government to improve our community charities.

United Way... making your caring count!

United Way

The power of U

Don't go digging up trouble.

Before you do any extensive digging or construction on your property or public lands, please dial

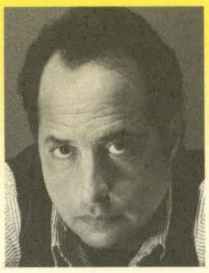
1 + 800 482-8998

(You must give 48 hours advance notice excluding weekends and holidays.) The following information will need to be provided by the customer:

County, City
Section & 1/4 Section No.
OR
County, Township,
Section & 1/4 Section No.
Callers name and firm
Firm address
Can be reached phone No.
Best time to call
Location of proposed excavation
Type and extent of work
Starting time and date

Then they'll let you know if you'll run into any telephone lines.

All too often, private home owners and construction crews unintentionally dig up land where these lines and cables are located. This sometimes results in costly damage or destruction. So let's work together to avoid needless disruption of telephone service in our community.



About the author.

Jon Lovitz was bitten by the acting bug in high school where he starred in his first play, *The Man Who Came to Dinner.* It was an acting teacher in college who spotted Jon's flair for comedy, which soon set him on a meteoric course for stardom as one of a new generation of comedic actors.

But Jon Lovitz was restless. Jon Lovitz had a vision. Jon Lovitz had something inside him that had to come out.

He had an idea for a book. But not just any book. It was to be a book about ideas, a book about life, a book for our times. He threw himself furiously into the project, sometimes neither eating nor sleeping for days at a time.

The result is what is now recognized as one of the most popular and widely distributed books ever written:

The Yellow Pages.

With 15 billion copies in print, the volume you are holding is the latest edition of Jon's masterwork.

Says Lovitz: "I put a lot of new stuff in it from last year. Check it out!"

Check it out, indeed.

Spend time with your new Yellow Pages. It is Jon Lovitz's greatest edition ever, with a new discovery, a new revelation, a new idea waiting for you on every page.
